HOPE FOR PEACE IS FADING AWAY

Secretary Taft Believes United States Must Land Troops in Cuba Tonight or Tomorrow

FINAL EFFORTS AT AGREEMENT FUTILE

Havana, Sept. 28.—The probability that warring Cubans would get together on any agreement under which the sovereignty of their government can continue without interruption was as remote as ever this afternoon. As the time approached for the opening of the extra session of congress, the liberal leaders had made a final effort by presenting the names of various independent and liberal candidates to succeed Senor Palma as provisional president, but none of these was satisfactory to the moderates. The latter, after many excited discussions, in which, however, only a scattering few participated, settled only on two additional facts, one that of declining to accept Palma's resignation: they would go in a body to the palace and endeavor to persuade the president to reconsider his determination, and the other that failing in this, they would present General Rodriguez, commander of the rural guards, as candidate for provisional preisdent. As no general meetings were held which were fully representative of all the elements of the moderates and liberal nationalists, the program lacks definiteness. In the meanwhile the liberals expect to attend the session of congress and present various candidates acceptable to themselves.

Beyond these expectations all is gloomy so far as the continuance of Cuban sovereignty is concerned; but the light distinctly shining immediately beyond, namely, that of American control, is the hope of practically all excepting those accustomed to holding the offices. Secretary Taft sat back in his chair at the legation in the attitude of waiting for Cuba to play the last card in the game in which her independence is at stake. He was confident the card will not take the trick and so expressed himself to the Associated Press, and yet, recognizing the sacred function of the congress which is about to meet to act on President Palma's resignation, he is determined to give the politicians all the leeway possible in settlement of the controversy. He said he felt certain the United States would have to land troops tonight or tomorrow at the latest and a proclamation establishing a provisional government will be issued then.

MAKE ONE LAST EFFORT.

Commissioners Get Instructions from Roosevelt.

Havana, Sept. 28.—That they shall make one last supreme effort to reconcile the Cuban differences were the instructions which Secretary Taft and Assistant Secretary of State Bacon received today from President Roosevelt.

The American peace commissioners despair of being able to conciliate the factions, and so answered, but they came to the legation this morning determined to await the action of the session of congress called for today before precipitating an American occupation. It was also decided to make a final appeal to the patriotism of every leader regardless of whether he is affiliated with the government or with the rebels.

Taft Says It's Too Late.

President Roosevelt's message was in response to one sent by Secretary Taft last night, saying he was convinced that the Cuban congress would exhibit its impotency in coping with the situation and intervention was the only course left to the United States. Mr. Taft concluded his message with the assertion that it was too late to prevent intervention.

That the Cubans had not given up hope of a settlement between themselves was evident today when Senator Zayas, leader of the liberal party, appeared at the legation and informed the peace commissioners that he worked most of the night canvassing the new proposal, namely: that President Palma's resignation be accepted and that Senator Sanguily, independent, be elected as his successor.

Senator Zayas asserted that the idea met with some favor among the moderates and that he really believed it could be put through this afternoon.

The commissioners, after all their experiences in endeavoring to reconcile the opposing parties, have little confidence in their getting together on anything. Nevertheless since the scheme contains possibilities of a successful issue they have taken it into consideration and are looking over the possibilities of the moderates' acceptance and the availability of Senator Sanguily as a presidential candidate.

Gen. Funston Is Ready.

Brigadier General Funston, who arrived here yesterday on the Olivette, boarded the United States flagship Louisiana this morning and conferred with Captain Couden, commander of the naval forces and other naval officers. The general said he was ready for whatever might occur and was simply awaiting orders.

Senor O'Farrill, secretarw of staate and justice, on leaving President Palma's office this morning said: "I cannot think it would be convenient to accept either of the liberals' candidates. President Palma's determination to resign is entirely unchanged."

FAVORS INTERVENTION.

Sentiment at Havana for American Occupation.

Havana, Sept. 28.—The sentiment expressed here today was almost unanimously in favor of intervention. The few who were opposed to it easily resigned themselves to what they considered to be the inevitable. The interest of the masses in the outcome is infinitely less intense than would be imagined. The representatives of commercial interests here praise the fairness of Secretary Taft and also his determination to press the business of procuring peace to a prompt conclusion.

With the Cuban congress meeting within a few hours to consider the resignation of President Palma even the most experienced politicians are unable to predict what action may be taken or whether even a quorum will be secured. It is practically certain that Palma will remain steadfast in his determination to retire, despite the efforts of the moderates to induce him to reconsider his plan. His effects at the palace are ready for removal. He and his family are reported about to depart for Matanzas.

Plan to Land Marines.

The liberals met this morning to determine finally whether to participate in the session of congress. With out them a quorum is impossible. There seems little doubt that congress, if its meets at all, will fall in the desperate attempt to devise any means to defer American intervention This will be followed possibly this afternoon by proclamation by Taft of a government of intervention and landing of United States forces from the warships. The first landing party will consist of a body of marines under colonel Burnett. Another force will land later. The marines probably will make their headquarters at the Villa Nueva railroad station.

Senor Zayas, leader of the liberal party, is reported this morning to have notified Secretary Taft that the Cuban government had issued orders to have him (Zayas), J. G. Gomez, J. M. Gomez, Dometrio Castillo and C. G. Velez shot in the moat of Principe castle. It is not believed the government will dare to resort to such extreme measures.

Prominent moderates declared to the Associated Press today they will be willing to accept anybody, even Pino Guerra, as candidate for president, rather than incur intervention. Others, including Vice-President Mendez Capote, said they believed the Americans were determined on intervention in any case, whether Palma's resignation is accepted or otherwise.

Confer With Commissioners.

Senator Zayas, leader of the liberal party, was received by Secretary Taft in one room this morning and Senor Montalvo, acting secretary of the interior, who immediately followed Zayas, was received by Assistant Secretary of State Bacon in another room. When Zayas emerged from his conference with the secretary he said there was hope of the success of his plan to have Senator Sanguily, independent, elected to succeed President Palma and he would return to the legation soon.

Senor Montalvo, who left later, refused to talk for publication. The liberals are trying to persuade the

(Continued on Page Two.)

PAPAL VETO WILL REMAIN ABSOLUTE

PONTIFF FIRM IN HIS STAND ON FRENCH STATUTE.

Declares French Chamber Must Modify Law to Conform With Catholic Dogma.

Paris, Sept. 28.—The Gaulois today printed an interview which its correspondent at Rome had with the pope yesterday on the church and state separation law, in which the pontiff is quoted as saying:

"It is not I who condemned the law, but Christ, of whom the pope is simply the vicar. The Savior granted the church a constitution and a doctrine against which no human law can prevail. The separation law is contrary to Catholic doctrines and opposed to divine rulings, is unjust and therefore carries no obligation of obedience to it."

The pontiff said that he had only done his duty for the moral well-being of the church, which exacted respect for the doctrine of the church confided to his care.

"Providence," the pope continued, "will decide the future and fix the mundane consequences. My resolution was taken in pursuance to the will of God. I await providence to make his designs manifest."

The pope further declared that his veto would remain absolute, while the French chambers refused to modify the law in accordance with Catholic dogma and concluded:

"It is necessary for the government to surrender. Surrender means to bow before will of a victorious enemy and the pope applies the name of 'enemy' to no one in France. If the legislators committed an error in good faith and will acknowledge it they will find nowhere a more conciliatory spirit than at Rome. If they deliberately seek war they will find themselves confronted by the defender of Christ, animated by supreme energies."

WRONG BODY IS BURIED AT PERU

REMAINS BELIEVED TO BE THOSE OF PAXTON.

Interred for Dead Fireman Whose Body is Now Found in Wreck Ruins at Catlin.

Peru, Ind., Sept. 28.—Chief Dispatcher Cullen, of the Peru division of the Wabash railroad, today received a message that the body of W. W. Ellison had been taken today from the wreckage of the Wabash passenger train at Catlin, Ill., and that identification was positive. A body was buried here yesterday by relatives of Ellison which was supposed to be his remains.

"Ellison was a large man, weighing upwards of 200 pounds," said Dr. Leslie, "and the body which his friends claimed was his was that of a man who in life did not weigh to exceed 150 pounds. Paxton was a small man and I believed that was his body. The location in the wreckage and other circumstances confirmed me in that belief. But several members of the Firemen's brotherhood, who were there to look after the remains of Ellison, claimed the body and against the protest of the Wabash claim agent and myself, took it to Peru, where I understand it was buried yesterday."

Neither Mr. Bass nor Dr. Leslie could say just what method of procedure would be adopted, but the remains, if those of their late employe, will be disinterred and brought to Fort Wayne for burial. Yesterday a dispatch from the scene of the wreck stated that the remains of Paxton had been recovered, but later they were found to be the remains o fanother, whose identity has not been established.

Dr. Leslie returned from Catlin with the remains of George Goodsman at 5 o'clock last evening and they were interred in Lindenwood at 2:30 o'clock this afternoon. The services were under the auspices of Harmony lodge, No. 19, I. O. O. F., of which Mr. Goodsman had been a member.

DR. LESLIE CONFIRMS REPORT.

Hon. J. H. Bass and Dr. G. M. Leslie were at the Bloom undertaking rooms attending the funeral of George Goodsman this afternoon when shown the above Associated Press dispatch. Neither was surprised and Dr. Leslie said the telegram confirmed the opinion he expressed at Catlin when the body was recovered and pronounced that of the dead fireman, W. W. Ellison. He believes it to have been the body of Paxton.

MEXICAN BANDITS HEAD FOR TEXAS

COL. AGUILAS AND COMMAND IN HOT PURSUIT.

Band Which Captured Town of Jiminez is Now in Hurried Flight.

El Paso, Tex., Sept. 2.—A special to the Herald from Eagle Pass says:

Colonel Aguilas, in command of the Mexican troops, telephoned early today from Jiminez that he was in hot pursuit of the bandits who captured the town night before last and that they were headed for Texas. One hundred and twenty men from Saltillo, under command of Lieutenant Colonel Antonio Rojo, reached Eagle Pass last night after midnight from Saltillo and the party left this morning for Jiminez. Two hundred cavalrymen from Monterey are expected tonight at the border. All is quiet in Ciudad Porfirio Diaz.

LOUISVILLE CHOSEN.

Indianapolis, Sept. 28.—At the closing session of the supreme convention of the Young Men's Institute this afternoon Louisville was chosen for the next meeting place. These officers were elected: Supreme chaplain, Archbishop Moeller, Cincinnati; supreme president, L. C. Mahan, Eureka, Cal.; supreme first vice president, J. J. Keough, New York city; supreme second vice president, J. J. Sullivan, Louisville, Ky.; supreme secretary, C. A. Slinger, Indianapolis; supreme treasurer, D. J. Cullinan, Pittsburg, Pa.

INDICTED FOR TREASON.

Kiev, Russia., Sept. 28.—The president of the local branch of the reactionary league of Russian men has been indicted for high treason on account of a dispatch which he sent to Ex-Premier Goremykin, demanding the dissolution of parliament, then in session, on the ground that it was an "instrument of the revolution" and calling the members of parliament "criminal traitors, thirsting for blood."

ESTATE GOES TO SON.

London, Sept. 28.—Mrs. Pearl Craigie, (John Oliver Hobbs), the author, who died in London August 18, left a small estate, the total being only $122,500 which is all bequeathed to her son, with the exception of $15,000 to the rector of the Roman Catholic church, which she attended.

LEAVES OYSTER BAY.

Oyster Bay, L. I., Sept. 28.—The president left Oyster Bay on the Mayflower today to visit the North Atlantic fleet lying off Provincetown, Mass.

RICH MAN DIES TO SAVE POOR.

Oil Magnate Succumbs to Injuries Received While Trying to Rescue Man.

Chatham, Ont., Sept. 28.—William Haggerty, a millionaire oil man of Lima., O., died at Merlin last night. At the time a workman named Thomas was asphyxiated in an oil tank in the Tilbury field several days ago Haggerty went to Thomas' rescue, was rendered unconscious and remained in that condition until death. Haggerty had large interests in the Tilbury field.

HEAVY DAMAGE AT MANY GULF TOWNS

Full Extent of Disaster By Tropical Hurricane Yet Unknown.

STORM NOW ABATING

News Anxiously Awaited from Many Points—Belated Message Comes from Pensacola.

Pensacola, Fla., Sept. 26.—(Wednesday, by mail to Montgomery), Sept. 28.—Much damage has been done by the tropical storm which has raged here all day and which at 9 o'clock tonight is apparently at its worst, blowing a gale of sixty miles an hour. Bath houses and wharves have been swept away, small craft driven ashore and crushed, timber sent adrift and many cottages along the bay shore damaged. In some sections of the city the tide has overflowed many blocks, driving people from their homes, covering street car tracks and stopping traffic on one line. Just before dark a fleet of fishing schooners anchored in the bay were seen to part from their cables, when struck by a severe gust of wind and the last seen of them they were being driven down the bay with every prospect of being wrecked. Waves are breaking over Santa Rosa island from the gulf, something not known in years, and could be seen today running mountain high. Several vessels were sighted, but no tow boats could venture out.

GULF TOWNS HARD HIT.

Intense Anxiety In New Orleans Over Failure to Get News.

New Orleans, Sept. 28.—New Orleans early today was still cut off absolutely from communication with points on the gulf coast east of here. For thirty-six hours no information of any sort had come from towns less than an hour's ride by rail in the direction of Mobile and anxiety regarding the situation in those places became intense. The gulf towns are a summer resort for New Orleans and the members of many families have been separated by the storm. All day yesterday and all last night the washout on the Louisville and Nashville railroad twenty-five miles from here marked the farthest point eastward reached by rail, telegraph or telephone. For hours after the hurricane had passed the two-mile portion of railroad tracks which was submerged by the incoming tide was exposed to the equally dangerous outward flow of the receding high water. Local Louisville and Nashville officials today announced all trains cancelled until further notice.

This morning Lake Pontchartrain had calmed and the high water had fallen to very near its normal level.

Storm Damage Extensive.

The first reports from interior Mississippi towns indicated that the hurricane did great damage in its northward progress. Vicksburg and McComb City reported damage of 10 per cent to the cotton crop.

Dr. W. N. McGallaird, a passenger on the first New Orleans and Northwestern train which came into the city late last night, said the train was compelled run slow through the storm yesterday, with trees continually falling, some of them threatening to block the tracks in their crash. Unroofed or demolished negro cabins were continually passed. Frequently, he said, lashing of the wind and crack of trees made a roar which drowned out the train's rumble.

Reports from Monticello, Miss., say that considerable damage was done to pine forests. Railroad traffic is practically suspended toward the east of Monticello.

Dispatches received here indicate that the losses in Mississippi alone will reach hundreds of thousands of dollars. The storm appears to have demolished a few thousand dollars' worth of property in every county and town. Vicksburg reported damage to shipping.

In addition to cotton crop losses, passengers tell of widespread damage to timber. Every town yet heard from reported that at some time yesterday it was cut off from communication with the outside world. Verified loss of life thus far is confined to the death of one employe on the New Orleans and Northwestern railroad, who was run down by a train during the storm.

River Strewn With Wreckage.

The first news of the havoc wrought

(Continued on Page Two.)

DODGE MUNICIPAL OWNERSHIP ISSUE

LEAGUE AT CHICAGO DECLINES TO GO ON RECORD.

Delegates Vote Down Proposition to Express Views for Or Against It.

Chicago, Sept. 28.—The League of American Municipalities at the opening of its session today flatly refused to put itself on record as being for "or against" the municipal ownership of public utilities. A resolution by Mayor G. W. McCaskrin, of Rock Island, Ill., and another by Alderman W. Stearns, of Adrian, Mich., demanding a vote on the question by the delegates to the convention, was killed in the committee on resolutions.

Mayor Edward F. Dunne, of Chicago, was today elected president of the League of American Municipalities.

FARMER WAS "JUST TIRED OF LIVING"

REASON ASSIGNED FOR TAKING POISON.

Indianapolis Officer, Hurt in Serving Warrant, Dies—Other Indiana Notes.

Muncie, Ind., Sept. 28.—Because, as he told the physician who was called to attend him, he was "just tired of living" and discouraged because of inability to get along well in the world, James W. David, 69 years old, well known farmer, took morphine last night and died a few hours later. A widow and three children survive him.

FOUR BISHOPS THERE.

Greensburg, Ind., Sept. 28.—Today's session of the Indiana Methodist Episcopal conference was opened with devotional exercises by T. H. Willis, of Connersville. W. R. Halstead, D. D., delivered an address.

The session seemed to be Episcopal in character, there being four bishops, besides Bishop Hartzell, of Africa; Bishop Warren, of India; Bishop Harris, of Korea and Japan, and Bishop Bashford, of China. All addressed the conference.

NEW TRACTION LINES.

Indianapolis, Sept. 28.—The extension of the Plainfield Traction line from Plainfield to Amo is progressing, as is the construction of that part of the Indianapolis and Western line from Amo to Green Castle and Brazil, and it is thought that cars will be running from Indianapolis to Green Castle by way of Plainfield by Christmas day and to Brazil by early spring.

WOUNDED OFFICER DIES.

Indianapolis, Sept. 28.—Dayton Sawyer, the constable who was injured in a fight with Hunyaks while trying to serve a warrant in Haughville, Sept. 9, died today at the City hospital.

TWO SWITCHMEN KILLED.

Indianapolis, Sept. 28.—Charles S. Reed and Herbert G. Oldridge, switchmen employed in the yards of the Big Four railroad at Brightwood, were killed today in a collision between a switch engine and a coal car. Both men lived at Brightwood.

KILLED AT A CROSSING.

Laporte, Ind., Sept. 28.—James Cook, aged 14, was killed last night at a railroad crossing of the Lake Shore and Michigan Southern while driving home from school. He was struck by a passenger train.

MAYOR M'CLELLAN BOLTS MR. HEARST

WILL NOT SUPPORT THE EDITOR NOMINEE.

New York City Executive Declares He is Opposed to Murphy Domination.

New York, Sept. 28.—Mayor McClellan gave out a statement this afternoon in which he said he would not vote for Hearst for governor.

Calling the city hall reporters into his office the mayor said:

"As I said yesterday, I am a democrat and accept the action of the democratic convention. I will be a democrat when my party has a name, but as a democrat and as mayor of this town I am unalterably opposed to Charles F. Murphy and to everything that he stands for.

"I recognize the humiliation I must endure in common with other democrats. Nevertheless I will vote the ticket of my party in this state, but never for William R. Hearst. Him, I will not vote for."

WILL SPEAK FOR HUGHES.

New York, Sept. 28.—Speaker Joseph G. Cannon, of the national house of representatives, will take the stump for Charles E. Hughes, the republican candidate for governor. This was announced today at republican state headquarters, where State Chairman Woodruff resumed active direction of the campaign.

CLEVELAND HAS BLAZE.

Explosion of Oil In Plate Glass Works —Fire Adds to Terror.

Cleveland, O., Sept. 28.—Fire today destroyed the Pittsburg Plate Glass company's building and damaged others in the vicinity. Water escaping through a conduit into the press room of the Cleveland News resulted in damages amounting to $25,000. It is now believed the total losses by the fire will amount to $200,000.

A second explosion of oil in the burned building of the Pittsburg Plate Glass company occurred today and immediately thereafter the walls fell. It was at first thought a dozen firemen had been buried in the debris but all escaped except two men who sustained minor injuries.

RATIFY TRACTION MERGER.

Deal Paves Way for Consolidation of Ohio Roads.

Akron, O., Sept. 28.—The merger of the Canton-Akron Consolidated Railway company, controlled by the Tucker-Anthony syndicate of Boston, operating three systems in Stark, Summit and Tuscarawas counties with the Northern Ohio Traction and Light company, was ratified this afternoon at a meeting of th estockholders of the latter company. This is said to be the initial step toward the merger of many lines in this state into one.

KILLS HIS WIFE; DIES A SUICIDE

Walter Harrod Murders Woman From Whom He Was Estranged, Then Turns Pistol Upon Himself

SHOCKING TRAGEDY ON BAKER STREET

Walter M. Harrod, of Williamsport, O., shot and killed his wife, Addie Harrod, in the yard back of the Ada house at Calhoun and Baker streets about 6:30 o'clock last night, reserving one of the five cartridges in his revolver for himself with which he inflicted a wound that caused his death after he had staggered into an alley back of the boarding house, where he was found 100 feet north of Baker street.

For some time before the double tragedy the two sat on a box in the yard and talked quietly. What passed between them and brought about the culmination of a crime that had been brewing through four years of stormy married life is a sealed pact upon which death has put its grim stamp to hold through eternity.

They didn't quarrel in a loud tone as the back door of the kitchen, a short distance from where they sat, was open and persons passing in and out could have heard them. The first intimation that two lives were being offered as a sacrifice to the jealousy of a husband came to people in the vicinity in the shape of a pistol shot that was quickly followed by four others. Mrs. Harrod ran screaming in at the door and threw herself upon a couch, muttered "Oh, my God, my mother!" gasped and sank into unconsciousness that was followed in a few minutes by death.

Found Husband Dying.

Levi Grabill, a night watchman making his rounds, found the husband gasping for breath and sent H. D. Weaver to notify the police, who had been called a short time before. Both bodies were removed to the Peltier undertaking establishment and all of last night an dtoday a crowd surged in and out of the building to look at the two unfortunates. Dr. J. E. Stults, the coroner, stated today that in his opinion Mrs. Harrod arose after they had quarreled and her husband had drawn his revolver and stood facing him when he fired the first shot as there was a powder mark on the left side of her face. The ball, however, missed and buried itself in the wall of the kitchen about three feet from the ground.

She was still facing him, he thinks, when the second shot was fired as there is a wound four inches below the left nipple that ranged downward and is the one that probably caused death. Another ball struck just below the left shoulder blade and ranged upward and another entered an inch below and half an inch to the right of the spine. These were both inflicted while she was running toward the kitchen door, as they took an upward course.

Harrod's wound is immediately between the nipples at the center of the sternum and was so well aimed that death followed in a few minutes. The presence of the revolver indicates that Harrod came to Fort Wayne yesterday to kill his wife.

Had Not Lived Happily.

They had not lived happily and ten days ago she came to this city from her parents' home at Mount Gilead, O., and went to work as a cook at the Ada house. He had been employed here for a short time as a freight handler in the Pennsylvania freight house and during the time he was engaged there his wife helped in the house and in that way paid her board. They frequently quarreled during their stay and while Mr. and Mrs. Arthur Eix, who conduct the establishment, had no intimation of his presence in the city until he called last night, they were not greatly surprised at the culmination. From here they went to live on a farm belonging to his parents and located nine miles from Williamsport.

Just what time Harrod came to the city yesterday is not known, but he was with his wife's uncle, W. F. Compton, who is employed at the Fred Myers livery barn on Washington street, from 3 o'clock in the afternoon until 5. He stated then he had come back to the city to work and arranged to board at the Compton home, 1929 Calhoun street, and said he would be there today. The two talked of the family difficulties of the Harrods and Compton asked whether or not there was a possibility of a reconciliation to which the husband replied that he was willing if his wife would settle down.

Denied Intent to Kill.

He denied emphatically that he intended to kill her, although it is said he had often threatened to do so. He went to the Ada house about 6 o'clock and was apparently not in the least excited and as he entered the kitchen door he asked his wife to come out into the yard saying he wanted to speak to her a few minutes. She did not hesitate and the two went out together and in a short time the murder and suicide followed.

In one of the pockets of the dead man was found a purse containing over $60, while in his other pockets small change, bringing the total up to $64.33, was discovered by the coroner. There was no letter to explain that he contemplated the deed, though a thorough search was made for one.

Woman's Mother Coming.

Mrs. Harrod was twenty-two years old and a daughter of Mr. and Mrs. Seth Graham, of Mt. Gilead, O., and they were notified of her death by Mr. and Mrs. Eix shortly after the murder. This morning the mother telephoned that she would arrive in Fort Wayne at 4 o'clock this afternoon if she could make connection and if not she would be here about 6:30. The mother for-

(Continued on Page Two.)

OHIO BANK QUITS; CASH IS MISSING

LITTLE CONCERN AT MIDDLEPORT CLOSES DOORS.

Depositors Were Poor People and Excitement Prevails—President is Away.

Pomeroy, O., Sept. 28.—The Middleport bank, a private institution at Middleport, Ohio, failed to open its doors today. It is stated that all the deposits, amounting to $115,000, are missing and grea texcitement prevails. Most of the depositors are poor people and their deposits represented nearly all thei rsavings. The president of the bank is E. C. Fox, who is away and in his absence no official statement of the condition of the bank has yet been made.

President Fox went away last Tuesday leaving Vice President T. S. Armentrout in charge. An examination of the vaults after Fox had gone revealed $3,000 in cash and paper worth less than $50,000 on its face to account for the $115,000 deposited. Armentrout was formerly a Presbyterian minister at Gallipolis and on the solicitation of Fox resigned the ministry the first of June, converted his property into $6,000 and entered the bank as an equal partner with Fox, perfectly unaware of its financial condition. He has lost his $6,000 and is now almost a physical wreck over worrying about the outcome of his new enterprise. Before leaving Fox drew out all his personal deposit and that of his wife, whom he recently married at Toronto, O. It is also found that the bank building is mortgaged to its full value and the Fox house, one of the finest residences in Middleport, was transferred to Mrs. Fox, as also was his other property.

Fox came to Middleport a few years ago from Kansas. He started a national bank in Middleport, but recently the affairs of that bank were wound up and he opened a private bank in the same building.

Frenzied Young Husband and the Wife He Murdered Before Ending His Own Life.

WALTER HARROD.

MRS. ADDIE HARROD.

FALL DISPLAY
Of Fashionable
Shoes for Women

THE new fall models we display will add new laurels to our reputation as the foremost shoe house of Fort Wayne. Correctness of style and high grade workmanship give these shoes an appearance that will win the hearts of the feminine followers of Fashion. Shoes of regular height and low cut College Boots of patent colt, patent kid and vici kid, in blucher, lace and button, with flexible welt and hand-turned soles, a pair—

$2.50 to $5.00

Fall Showing Boyden's "Bench Made" Shoes for Men

Made in New York City, where the latest style tendencies may be noted and siezed upon, the shoes of this firm are always kept fully abreast of the times. The models we offer are identical in style with those that will be worn by correctly dressed men this fall and winter. The most favored leather, patent colt, patent kid, vici kid and dull gun metal are represented in our showing. Button, lace and blucher styles—

$5.00 and $6.00

Prass & Reed

716 and 718 Calhoun St.

Sole Agents for the Red Cro ss Noiseless Shoes for Women.

MAY BUILD OTHER WING.

County Commissioners Contemplating Mere Improvements.

The county commissioners spent the day at the county infirmary inspecting the improvements that are now being made and considering the advisability of building a new wing for the accommodation of women patients at the institution.

When the plans were drawn this wing was provided for, but it was thought the appropriations would not permit it to be built. It is likely, however, that the board can see its way clear to construct this addition to the building in the next few weeks.

WILL REPORT TOMORROW.

The grand jury will probably submit a report of its work to Judge O'Rourke in the circuit court tomorrow. Prosecutor Ninde thought he would be ready today, but some other investigations were started that will take more time.

TWO CASES IN COURT.

Two cases were presented to Judge Skelton in the city court today and both Charles Andrews and Thomas Black got off without fines. The former was on a plain drunk and the latter could not give a satisfactory account of himself early this morning when Patrolman Elliott found him on the streets. He was given an hour to get out of town.

STRIKE IS OVER.

Wabash Employes Resume Work This Morning.

Every department of the Wabash shops was put in operation this morning after an idleness on account of a strike of nearly two weeks. With the exception of four or five men who had resigned to take employment elsewhere all of the old employes are on duty again.

TWO MEN INJURED.

Tony Tancy, a Swede, had his right leg injured this morning while engaged in loading car wheels into a box car at the Wabash shops. One of the wheels fell against the limb, bruising the flesh and bone, but fortunately not fracturing the leg. He was taken to the company's hospital at Peru. Tancy is single and boards on Hanna street. Charles Bullerman, an employe of the machine shop, had the end of the little finger of his left hand clipped off while at work this morning. Dr. Kaadt attended both unfortunates.

HEAVY DAMAGE AT MANY GULF TOWNS

(Continued from Page One.)

by the hurricane on the lower Mississippi river delta was given today by C. Ansel, a pilot, who came up from the mouth of the river in the tug Charles Clark. Ansel said he saw the lower river banks strewn with household furniture of fishermen, but that most of these families had escaped from the high water by taking to their lugger-rigged boats. He saw the wreckage of two or three luggers floating down the river, but was unable to learn what became of their occupants. At the Mississippi river quarantine station two houseboats, used for the quartering of crews of fruit steamers, were sunk. The crews were taken off in safety.

STORM IS SUBSIDING.

Washington, Sept. 28.—Reports received by the weather bureau today indicate that the southern storm is now central in Arkansas and much diminished in strength. The wind has subsides and normal conditions prevail. It was stated that the storm will doubtless continue in a northerly direction and merge with a second disturbance that is moving eastward north of the Dakotas. Rain has continued in the lower Mississippi valley, the east Gulf and south Atlantic states and overspread the middle Mississippi in the last twelve hours.

For tonight and Saturday rain is predicted in the Ohio valley, the south Atlantic states and the western portion of the middle Atlantic states and the lower lake region. The temperature changes will be generally unimportant.

The winds along the middle Atlantic coast will be fresh northeast; along the south Atlantic coast fresh southeast, becoming northeast; along the east gulf coast fresh and variable; on the lower lakes fresh southeast.

REPORTS HEAVY LOSS.

Memphis, Tenn., Sept. 28.—Advices from Jackson, Miss., state that the loss to the growing cotton crop in Mississippi, due to the tropical storm which has been raging over that state since Thursday last, has been very heavy. At Naches, the fleet of the Pittsburg Coal company sank in deep water, two miles below the city with an estimated loss of $60,000. There were nineteen barges in the fleet. The storm caused severe damage at Brook Haven, Miss., blowing down a number of buildings, including the Masonic temple.

ADDITIONAL RAILROAD NEWS.

Mat Weaver is a new machinists' helper at the Wabash shops.

A. G. Porter lodge, B. L. F. & E., held a meeting last night and initiated one applicant.

Charles Haberkorn, a machinist at the Wabash shops, is disabled by a boil on his face.

Machinist Charles Eichkoff, who resigned a position at the Wabash shops a week ago, resumed work there this morning.

The funeral of the late Engineer J. S. Butler took place from the United Brethren church in Peru at 10 o'clock this morning.

H. C. Ettinger, air brake instructor of the Wabash, who spent a few days in the city, left for Decatur last night. His instruction car is at that place.

Wabash engines 2011 and 2012, just from the locomotive works, left the Fort Wayne shops this afternoon for the middle division, where they will go into service. They were connected up at the shops in this city.

HE INVENTED AIR-BRAKES.

Portland, Me., Sept. 28.—George H. Poor, the inventor of the air-brake generally used on American railroads, died today, aged 61 years.

TRY THE SENTINEL WANT COLUMN.

CITY BREVITIES.

H. G. Andrews, of Lakeside, has returned from a short visit in Detroit.

Fred McCracken, of New York city, is here visiting friends and relatives.

Mrs. C. C. Case, of 310 Madison street, has returned from a visit in Wabash.

William Hench, who is 87 years of age, is very ill at his home, 207 East Second street.

Mrs. F. E. Wagner has gone to York and Philippsburg, Pa., to remain a week.

Mrs. Charles S. Jeffries, of Cleveland, is in the city visiting her mother for a short time.

The C. C. L. Cooking club will be entertained by Miss Frances Willey at her home on Saturday afternoon.

The Corner Rod and Gun club will play a team from the rolling mills in base ball next Sunday at the former's grounds.

Leslie Tucker, of this city, leaves for Indianapolis tomorrow where he will re-enter the Dental college for the winter.

Mrs. Charles Pfleidner, of 816 Washington boulevard west, has returned from a six weeks' visit in New York.

Sheriff Grice and his son were called to Maysville today by the serious illness of Mrs. John Stopher, a pioneer resident of the county.

Special rally day exercises will be held in the Sabbath school of the Third Presbyterian church next Sunday morning at 9:30 o'clock.

Rev. Frank M. Fox, of the Third Presbyterian church, is in Logansport today and will deliver an address on "Mission" at the Presbyterian church there this evening.

The Varsity Dancing club will hold the opening dance of the season at the Mulqueen Dancing academy on Tuesday evening. On Wednesday the Congenial Coterie will give its first dance.

moderates to accept either Senator Sanguily, General Menocal, General Agramonte or some other independent or independent liberal. The moderates thus far are unwilling to fully commit themselves.

WARSHIPS READY TO SAIL.

Marines Are Hurried to Philadelphia to Equip Cruisers There.

Philadelphia, Sept. 28.—The coaling of the cruiser Brooklyn has been completed and the warship is ready to sail for Cuban waters at a minute's notice. She will sail with her full armament and crew on Sunday or Monday. The Tennessee will be ready to sail as soon as her equipment of men is complete.

Marines have been arriving for the last few days and a big detail came today from Norfolk. Nearly all the marines stationed at the Virginia yard have been ordered here.

Water is being pumped out of the ballast tanks of the St. Louis, the other transport stationed at the League island navy yard, preparatory to the loading of stores. She will be ready to sail at about the same time as the Panther. On account of the delay in getting the two transports ready for orders, the first men will be sent to Cuban service on the Brooklyn. It is expected that this cruiser will carry about 500 marines under the command of Lieutenant Colonel Moses.

LOOK FOR LITTLE TROUBLE.

Washington Expects Peaceful Intervention With Few Troops Needed.

Washington, Sept. 28.—Peaceful intervention by the United States is believed by Acting Secretary Oliver and many officers at the war department to be the probable outcome of the Cuban trouble. Intervention is regarded by these officials today as almost inevitable, but in spite of the unfavorable dispatches from Havana they cling to the idea that the sending of large bodies of troops to Cuba will not be necessary and feel that Secretary Taft will establish a temporary government and restore peace in Cuba without the assistance of the American navy.

It is generally believed in Washington that the secretary of war will find the marines and blue jackets now in Cuba and preparing to go there capable of guarding Havana and neighboring cities pending the holding of a new election and the placing of the Cuban government on a satisfactory basis. Acting Secretary Oliver said today that he has no doubt that the rural guards will co-operate with the American marines and blue jackets in quieting leaders who may take to the bush and make trouble.

Regardless of the threats of dynamiting made by turbulent leaders in Cuba, American army officers do not share the opinion that serious rioting will follow American intervention.

Although marines and blue jackets are not fully equipped for service in the field at long distance from the ships, they can be distributed very generally from Havana by rail as tentage and other supplies were sent with some of the marine detachments. Keeping in touch with their ships by rail the marines can do guard duty very satisfactorily at points where disgruntled leaders may threaten the property and lives of foreigners.

REBELS MEACE CITY.

Havana, Sept. 28.—The governor of Santiago reports that the rebels are organizing and concentrating in the vicinity of the city of Guantanamo. He also reports that the rebels are collecting arms and horses. Bands are reported around Baracoa indicating that the western province is more rebellious than hitherto.

The governor of Matanzas reports that rebels are encamped near the city of matanzas and are stealing horses. Rebels have been seen in the vicinity of Colon.

READY FOR BUSINESS.

Havana, Sept. 28.—11:40 a. m.—A detachment of marines has begun preparations to distribute the tents, ammunition and miscellaneous supplies stored on the Caballeria wharf, among the three battalions of marines ready to land here, orders having been received to have everything in readiness for debarkation at about 2 o'clock. The marines will land, should the necessary orders be received, at the Paula Machina and Caballeria wharves. Two of the battalions will occupy Villa Nenva and the other will be stationed at Punta park on the sea front.

DENIED THAW MOTION.

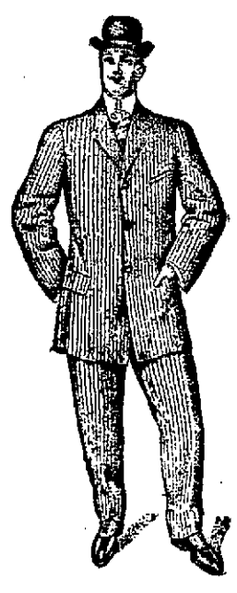
Justice Bischoff Declines to Permit Transfer of Case.

New York, Sept. 28.—Justice Bischoff today denied the application of counsel for Harry K. Thaw for the removal of his indictment from the court of special sessions to the criminal branch of the supreme court of New York.

THREE FINGERS SMASHED.

Floyd Mathias, a young man employed at the Bingmaster Printing company's establishment on East Main street, accidentally got the three middle fingers of his right hand in some machinery this morning and badly smashed. The injury is very painful though not serious and he will not lose his fingers.

Tom Goslees's $9.99 New Fall Suits and Overcoats



Are without a doubt the most wonderful values which have ever been shown in this or any other city at the first of the season.

Custom tailors are showing various shades and designs in grey worsted and cassimeres, for they are stylish this fall. You will see them in the show windows around town marked $12, $15 and $18. Then come to Tom Goslee's and see the same styles for $9.99. They fit absolutely perfect and wear—there is no wear out to them. Take a look at them; the assortment is large; our prices are just the same now as they will be after the 1st of January. No fake sales of any kind at any time at

A "LIFE-TIME" PIANO

OUR whole effort is to offer to the public—to offer to you—a piano that is good for a lifetime.

Look the matter squarely in the face; recognize the fact that in all human probability you will buy a piano but once in your life-time, and that what you want is a piano that you and your whole family can be proud of. Suppose such a piano costs you $50 or $100 more than a purely commercial instrument, what of it?

Its value, compared with the piano sold only by reason of cheapness, is as the Theodore Thomas orchestra to a street band.

Your piano reflects you, and you can't afford to give houseroom to anything but an artistic instrument.

Get a **Packard, Sterling, Huntington** or **Mendelssohn.** Our own **guarantee** in addition to the manufacturers.

KILLS HIS WIFE; DIES A SUICIDE

(Continued from Page One.)

merly lived at Kendallville and her family still resides in the vicinity.

The murdered wife had been warned to look out for her husband and indications point to the fact that he made some threats before he left his home. Her uncle stated that she would get as many as two letters a day from her mother begging her to look out for Harrod and asking that she have him arrested as soon as he reached the city. She did not pay much attention to these and did not seem afraid he would attempt to kill her.

When they lived together at the Ada house, it is said, he locked her in a room at one time and got a big knife and a revolver with which he threatened to kill her, but he was told he could not conduct himself that way in the establishment and he did not make a second attempt. Mrs. Compton stated that when he was working here he generally got drunk on pay day and subjected his wife to the most cruel abuse, but that he treated her kindly when he was sober.

Compton said that at the time Harrod killed himself he had a letter in his pocket from his mother begging him not to do his wife any harm, but this was not found by the coroner. He added that he was not drunk, although a pint of whisky was found in his pocket. The parents of the dead man had not communicated with the authorities late this afternoon. They live on a farm and it is a difficult matter to reach them either by telegraph or telephone. Harrod was twenty-eight years old and came of a most excellent and well-to-do family.

We offer near Southwestern Interurban, 60 acres with fair buildings, for $3,000; or will sell you in same location 122 acres with two sets of buildings; one of the homes is a new brick. If taken now our price $5,700.

Do Your Meals Fit?

Do You Feel Snug and Comfortable Around Your Waist Line After a Hearty Meal?

Did your last meal taste deliciously good to you, and did you eat all you wanted? Could you have patted your rotundity in glee and felt proud of your appetite and of your good strong stomach? Do you feel rosy now because your last meal gave you no inconvenience whatever? If not, you have dyspepsia in some form, and probably never realized it.

If you have the least trouble in your stomach after eating, no matter how little or how much you eat, there is trouble brewing and you must correct it at once.

Most all stomach troubles come from poor, weak, scanty gastric juices, that precious liquid which ought to turn your food into rich, red blood.

If you have nausea, your gastric juice is weak. If you have sour risings or belchings, your food is fermenting; your gastric juice is weak. If you have loss of appetite, your gastric juice is weak. If you have a bloaty feeling of aversion to food, your gastric juice is weak.

You need something in your stomach to supply the gastric juice which is scanty, and to give power to the weak gastric juice. Stuart's Dyspepsia Tablets do this very thing.

Now think—one grain of one of the ingredients of these wonderful little tablets digests 3,000 grains of food. They are several times more powerful than the gastric juice in a good, strong, powerful stomach. They actually digest your food for you. Besides, they increase the flow of gastric juice, just what you need to get all the good possible out of everything you eat. You will never have that "lump of lead" in your stomach nor any other stomach trouble after taking Stuart's Dyspepsia Tablets. Then everything you eat will be digested, it will give you strength, vim, energy and a rosy disposition. You'll feel good all around your waist line after every meal and it will make you feel good all over.

Stuart's Dyspepsia Tablets will make you feel happy after eating a good, hearty meal. Take one or two after eating. You'll feel fine—then your meals will fit, no matter what or when you eat.

We want to send you a sample package of Stuart's Dyspepsia Tablets free of charge, so you can test them yourself and be convinced. After you have tried the sample you will be so satisfied that you will go to the nearest drug-store and get a 50-cent box.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 52 Stuart Building, Marshall, Mich.

COMMERCIAL CLUB BEGINS NEW YEAR

President B. Paul Mossman Marks Out Program of Progress.

COMMITTEES CHOSEN

Track Elevation and Gas Problems Discussed—Seeking to Adjust the Differences.

Civic progress along all lines was the keynote of the inaugural address of President B. Paul Mossman, delivered at the opening meeting of the Commercial club for the new fiscal year last evening. There was a very large attendance, marked interest and enthusiasm, a discussion of the track elevation and gas problems and a new effort to secure an adjustment of the differences in the latter situation.

C. W. Orr, the retiring president, formally presented his successor, and in assuming the duties of the presidency Mr. Mossman delivered an address of some length, outlining in brief the past accomplishments of the Commercial club and telling something of its future hopes and aspirations for the growth and betterment of Fort Wayne. Mr. Mossman cited some of the advantages of the city, its industrial and commercial greatness and its public spirit that stands for progress. He urged upon the club both an increase in its membership and perseverance in its labors for the good of Fort Wayne, declaring that even with the present club membership more could be accomplished by concerted effort in a year than in ten years of unorganized work. Fort Wayne's earlier citizens, including Judge Hanna, Hugh McCulloch, William Fleming, Jesse L. Williams and others, had set a splendid example of unselfish public spirit and the present generation, while reaping the benefits of their civic patriotism, should not lose sight of the obligations of the present day along these lines.

Made Some Suggestions.

Mr. Mossman expressed his gratification that the demand for more dwelling houses had resulted in extensive building operations during the past year. He commended the "Made-in-Fort-Wayne" exposition and urged that another be held this fall. He suggested that no opportunity be lost to present to the world the industrial and other advantages of Fort Wayne, and favored the placing of large signboards along the lines of railways entering the city, setting forth its advantages in order that passengers on the trains may be informed upon these matters. He commended the year book recently issued and urged the sending of copies of the work broadcast to advertise the city.

He discussed at some length the matter of track elevation, endorsed the law enacted by the last legislature, declaring that the people are willing to pay a portion of the cost of the work and urged the city administration to proceed at once under that statute.

Named New Committees.

President Mossman then appointed the new standing committees as follows:

On City Interests—Samuel M. Foster (chairman), Charles McCulloch, Theo. F. Thieme, Robert Millard, Herman Freiburger.

On Finance—Henry Beadell (chairman), Charles A. Wilding, R. W. T. DeWald, Henry R. Freeman, F. L. Jones.

On Press and Printing—Charles W. Orr (chairman), A. J. Moynihan, Harry M. Williams, C. R. Lane, C. H. Worden.

On Assemblages—Perry A. Randall (chairman), D. N. Foster, Thomas J. McKiernan, W. J. Hosey, John Landenberger, John Reuss.

On Arrangements—Charles E. Bond (chairman), Joseph A. Sullivan, Edward M. Wilson, C. E. Bicknell, C. H. Windt.

On Membership — E. H. Merritt (chairman), Walter R. Seavey, E. Ralph Yarnelle, Van B. Perrine, Arthur H. Perfect.

On Manufactures and Commerce — Frank Culbertson (chairman), J. B. McKim, E. F. Yarnelle, F. S. Hunting, Gaylord M. Leslie, W. F. Graeter.

On Railroads and Transportation — William C. Rastetter (chairman), J. M. McKay, Fred J. Thieme, H. C. Rockhill, F. L. Taft.

On House—Fred E. Hoffman (chairman), A. H. Staub, C. D. Emmons, Charles Guild.

Urged Track Elevation.

Then followed a symposium of brief talks in which former presidents of the club, as well as other members, participated. S. M. Foster had no hope of accomplishing track elevation under the old law and urged that public opinion should be stimulated to induce the city administration to proceed under the new law, which he regarded as fair to all parties. P. A. Randall held similar views, and he criticised Mayor Hosey's administration for its position, expressing the belief that the administration is playing for delay. He held that Fort Wayne could not force the railroads to elevate tracks under the police power, as was done in Chicago, for the reason that the danger to life was not great enough to warrant it.

Turning then to the gas question Mr. Randall moved the appointment of a committee of five to call a meeting two weeks hence, inviting the officials of the city and representatives of the gas company to be present, to ascertain the real truth of the situation and to insist upon a settlement of the differences. The committee named in accordance with Mr. Randall's motion is composed of O. N. Guildin, P. A. Randall, S. M. Foster, Fred Thieme and F. S. Hunting.

Would Urge Both Sides.

Postmaster Hanna expressed the belief that pressure should be brought not alone on the city administration but on the gas company as well. "The city administration," he said, "started in with a 50-cent gas proposition and the gas company with a dollar proposition. Now the administration has made concessions and has indicated that it will agree to an 80-cent rate. So let some pressure be brought upon the other side and see if they cannot be brought together." C. W. Orr, Robert Millard and G. W. Beers all endorsed the new track elevation law and urged immediate action along its provisions.

Are With the Mayor.

The position taken by the city administration in track elevation matters was endorsed by Joseph Freihurber, who declared that the people of the south side to a very large degree coincided with the views of the Mayor on track elevation. They fear that immediate procedure advised and contemplated would confine track elevation to one particular point. He did not believe the administration would recede from its position, which he believed was the right one, and he did not think the advocates of procedure under the new law quite understood the situation as the south side people viewed it. Fred Thieme urged the early settlement of the gas question.

Invited Convention Here.

At the suggestion of James McKay the club voted an invitation to the Young Men's Christian association to hold its next convention in Fort Wayne.

Chairman Merritt, of the membership committee, expressed the belief that the club membership would be increased to 500 by January 1 and to 1,000 by a year from that date. Applications for membership were received from O. N. Guildin, S. B. Bechtel, F. G. Gauntt, Clinton R. Wilson, J. H. Orr, Byron S. Thompson, Miles F. Porter, Henry W. Meyer, Robert F. Harding, F. J. Thieme, Albert E. Melching, Abe Ackerman, Samuel M. Hench, Luther H. Kell, Joseph F. Bickel, August Bowser, E. F. Scheiman, A. J. Aber, A. L. Hadley, J. W. Wisehart and Fred H. Ash.

WEAK, PALE, THIN

DR. WILLIAMS' PINK PILLS RESTORED MRS. ROBBINS TO HEALTH.

They Also Cured Her Daughter of Anaemia and Saved Her From Consumption.

Mrs. Josie Robbins, of 1121 Clay street, Decatur, Ills., is enthusiastic over the merits of Dr. Williams' Pink Pills for Pale People. "In 1900, because of overwork," states Mrs. Robbins, "I was threatened with nervous prostration, complicated with heart trouble. I consulted my family physician who said it was heart trouble and he gave me three or four different kinds of medicine but I felt no benefit from them. I was very weak, pale, thin and troubled with headaches. My appetite failed so that I did not relish my food. I was unable to do my work because my limbs pained me so and my feet were swollen. I got numb and dizzy, my tongue seemed at times to be paralyzed so that I couldn't speak distinctly. My extremities, when in this numb state, felt as if some one was sticking needles into me all over their surface. Through my shoulders at times I had such pain that I couldn't sleep. Many times I awoke with a sensation of smothering.

"When I saw that the physician's remedies failed to benefit me I began to look for something that would. My sister, Mrs. McDaniel, of Decatur, recommended Dr. Williams' Pink Pills to me and I at once purchased some. I was greatly encouraged when I saw how they acted on my nervous condition and continued using them until cured. I am now able to attend to my duties without the slightest illness and have not consulted a physician since I began to use the pills.

"I also gave them to my daughter who had always been weak and who at this time seemed to lack vitality. Her cheeks were colorless and she was thin and spiritless. She had anaemia and we feared consumption, because every time she went out doors if it was at all cold or damp she would take cold and cough. But Dr. Williams' Pink Pills brought color back to her cheeks and strength to her body. Today she is able to go out in all kinds of weather and is never affected by the cold."

When the nervous system is overstrained a healthful balance of the body is endangered. This lack of balance may bring on symptoms of functional and constitutional disorders baffling the wisest physician. As the nerves get their nourishment from the blood they depend upon that vital fluid for their health. Dr. Williams' Pink Pills make new blood and so restore the shattered nerves.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail postpaid, on receipt of price, 50 cents per box, six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

M.; Maumee, No. 50, A. O. U. W.; Ben Hur Court, No. 15; Howard Council, No. 246, Royal Arcanum; Summit City Division, U. R. K. P.; Liberty Council, No. 22, Knights and Ladies of Columbia.
Amusements—Majestic theater, "Isle of Spice;" Princess theater, Anna Eva Fay; Masonic Temple theater, vaudeville.

ENFORCEMENT OF THE LAWS.

It is a fact of which no one need be and no one is ignorant that the liquor laws are not enforced in Fort Wayne. The reason that this is so can be found in the city administration's attitude on the question of law enforcement. The Sentinel from time to time has called attention to the conditions existing in this city and has urged that the mayor instruct the police department to see that the laws against selling liquor after 11 o'clock at night and during the hours of Sunday be enforced along with the laws prohibiting gambling and other misdemeanors. Nothing has been done to this end by the administration. The Sentinel has not urged upon Mayor Hosey the enforcement of the laws because it had any wish to dictate to the city's chief executive or because it found any pleasure in criticizing him. The Sentinel's position on this question has been taken because it is right. The public welfare demands the enforcement of the laws and the mayor's sworn duty is to see that they are enforced.

The Journal-Gazette this morning charges that the editor of this newspaper wants Fort Wayne's public affairs administered as affairs at Winona are conducted. Nothing could be more unreasonable than such a charge. The Sentinel wants Fort Wayne affairs administered as the laws for the government of the city direct. More is not asked. What is proper and desirable at Winona has nothing to do with what is proper and desirable in Fort Wayne. Surely, our esteemed contemporary does not hold that there is anything unreasonable or visionary in urging as complete a condition of obedience to law in Fort Wayne as the city authorities, by diligent and conscientious discharge of their duties, can bring about.

Some days since The Sentinel stated in this column that if better conditions were not to be had from the city administration, then recourse must be had to the legislature for laws that would place the police administration of the city in the hands of authority that would enforce obedience to the laws. At that time The Sentinel frankly admitted that the metropolitan police law was not in principle what most could be wished for the city and that it was with extreme reluctance on its part that it recognized the necessity for urging such an expedient. This newspaper would infinitely prefer that the course of the city government be such as to fully vindicate the triumph of the principles of home rule, the complete efficacy of local self-government. Since, however, it seems hopeless to look for any betterment of conditions at the hands of Mr. Hosey's administration, recourse to the metropolitan police law is urged; not that, by itself considered, it is desirable, but because such an administration of police affairs here will be vastly better than no administration.

The Sentinel is further criticized because it does not call upon the sheriff and prosecuting attorney to take into their hands the police administration of the city. The sheriff is not charged with the duty of keeping order, with enforcing the laws and with generally policing the city. He is an officer of the state. The prosecuting attorney is an officer of the state. The policing of the city is peculiarly a function of the municipal government and we want to see that function of government faithfully and adequately performed. Were the sheriff to increase his force of deputies and set about policing the city he would be charged, and quite justly, too, with usurpation of authority. Fort Wayne expends annually many thousands of dollars for the maintenance of its police department. The people are entitled to an effective police administration for this expenditure. The mayor of Fort Wayne is responsible for conditions in this city. He is sworn to enforce the laws. The duty is his, the responsibility is his, and no specious argument can absolve him from his sworn duty and no evasions can take from his shoulders the burden of responsibility for what is or what is not done in the administration of the police affairs of this city.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes;

Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

A woman who served throughout the civil war in the cavalry branch of the army has just been discovered in Summit county, near Akron, O. The woman is Mrs. Martha Lindley, who kept her identity secret during the war and since then very few have learned that she was a soldier. Had she not served under a fictitious name she would be entitled to a pension. At the outbreak of the war the woman was a bride of only a few months. Her husband answered Lincoln's first call to arms and Mrs. Lindley, young and robust, decided to enlist also and serve by her husband's side.

Mr. Hearst appears to have plenty of envious surroundings in his own city of New York. Most of the newspapers there more or less strongly deprecate his nomination for the governorship. However, he has one bit of comfort—he has newspapers of his own and is able to own others should he need them. Even a candidate for office will find it profitable and of other advantage to possess all needful equipment for a campaign.

The United States being responsible for the protection of property and maintenance of order on the island of Cuba the question is raised if it will not be compelled to reimburse property owners for the destruction of their property by the armed mob which has assumed the role of revolutionist. One plantation owned by subjects of Great Britain has alone sustained a loss of $400,000. Somebody will be expected to pay for this.

Grafters in general will get little comfort from the proceedings of the two political conventions in New York. Insurance grafters in particular have abundant reason to fear Hughes and grafters in general can look to Hearst for no refuge whatever. And it is bound to be one or the other of these two.

The sultan causes it to be explained that he could not grant that audience to Mr. Leishman because it would fatigue him too much. In Mr. Leishman's case this is just turned around. He is exceedingly fatigued because he cannot get the audience with the sultan.

Chicago Chronicle better watch out. That very able newspaper will work itself into such a state of heat over the nomination of Hearst that it is likely to set itself afire. And that would probably be held arson.

RUNAWAY SMASHED VERANDA.

Berghoff Team Hit Saloon Building and Adjacent House.

A team belonging to the Berghoff Brewing company and hitched to one of the company's heavy wagons ran away on Wallace street this morning and collided with the saloon building at Lafayette street, and the adjoining house occupied by Mrs. John Nolan, breaking a hole in the saloon wall and carrying away part of the veranda of the house. Several women who were on the sidewalk at the time narrowly escaped, but fortunately no one was injured. The horses were slightly bruised and the tongue of the wagon broken. The damage will amount to $50.

G. R. & I. TIME CARD.

Next Sunday the G. R. & I. will put the following train schedule into service:

Going north—2:10 a. m., daily; 8:50 a. m. daily; 1. p. m., daily except Sunday; 4:20 p. m., daily except Sunday.

Going south—1:55 a. m., daily; 6:35 a. m. daily except Sunday; 12:30 noon, daily except Sunday; 7 p. m. Sunadys only.

Trains from the north will arrive here at 6:45 daily and at 10:40 daily except Sunday, each evening.

THE FRANK DRY GOODS CO.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The Broadway Medical college opened up under very favorable auspices and the attendance is very large and constantly increasing.

The bucket shop managed by Fred Michaels & Co. has, like all fair and beautiful things, vanished, or suspended for a time, as it were.

Mrs. Mary Denny, who came to Fort Wayne in 1840, died at her home on East Washington street. She was the aunt of Mrs. Dr. Rowan and the first Mrs. O. P. Morgan and grand aunt to Miss Mary Rowan.

The recommendation by Marshal Falker and the confirmation by the council of Fred Limecooly as depot deputy marshal was a good one in every respect, and was a deserved testimonial to an old and faithful officer of the city. Mr. Limecooly has been a city police officer for the last eighteen years.

The crowd at the great Northern Indiana fair on Thursday was 13,000. Friday's race feature was a home race, "gentlemen's roadster" class, in which horses entered were Henry G. Olds' "Billy;" Barney O'Connor's "Barney O.;" John Draker's "Conductor;" Fred Briel's "Willie Briel," and John Rabus' "Jasper." Mr. Olds' horse was the winner, and it was driven by its owner.

The most thrilling and exciting act at the fair grounds Thursday was a race between Col. E. L. Chittenden's famous bay gelding, "Bonesetter," and Capt. Wright Rockhill's dun horse, "Alexander the Great." Only one heat was trotted, being all the audience could stand, which resulted in a victory for "Bonesetter," who made the mile, according to Arthur Dodge, in 7:95¼.

C. M. Dawson, esq., appeared at police court this morning and asserted his right before ex-Officio Justice of the Peace Zollinger, to prosecute the state cases. To this Mr. W. S. O'Rourke objected, and after listening to arguments, Mayor Zollinger withheld his decision until some future time, meanwhile recognizing O Rourke as the rightful prosecutor. In appearing before Judge Borden, Mr. Dawson did not expect to be recognized as prosecuting attorney of the new court, but did it with a view of preserving a record for future action.

ROSENTHAL'S.

MURDERESS FLEES ASYLUM.

Bertha Beilstein Makes Escape, Supposedly by Aid of Lover.

Pittsburg, Pa., Sept. 28.—Bertha Beilstein, the handsome, well-educated young woman with a fortune of no mean dimensions who in 1898 calmly and deliberately murdered her mother at their home in Allegheny, has escaped from Dixmont Insane asylum. When placed on trial for murder her acquittal was secured on insanity grounds and she was at once committed to Dixmont. She made her escape last Sunday night.

She climbed down the fire escape with connivance of somebody on the inside, dashed through the wooded grounds to a waiting automobile standing in a private road of the institution and was whirled away to freedom and, perhaps, love and marriage.

Absolutely no trace of her whereabouts has been discovered and so far her relatives deny all knowledge as to where she is. Dr. Henry A. Hutchison, superintendent of the institution, together with all attendants and guards, is at a complete loss to account for the manner of her disappearance except by the theory that she was assisted by someone who was in the plot and employed in the institution. The strongest theory entertained is that the girl is somewhere in Chicago.

Previous to the killing of her mother Bertha was supposed to be in love with a man living in Chicago. Bertha's father died in the fall of 1897. While all the family mourned, Bertha's grief was not unusual. After killing her mother and attempting to kill herself the girl said her father's spirit came to her and told her he wanted her and her mother to join him. Therefore she was only carrying out his commands. Within a few weeks of the first tragedy one of Bertha's brothers blew out his brains on his mother's grave and an old man who lived with the family and was called "uncle," although not a relative, threw himself under a train.

SPEED WAS EXCESSIVE.

Verdict in English Wreck Where Americans Were Killed.

London, Sept. 28.—Excessive speed causing the engine to overturn, it has been decided by the board of trade inspectors, caused the Salisbury railway disaster of July 1 last, in which upwards of a score of Americans on their way from Plymouth to London lost their lives. Major Pringle who had charge of the investigation says that all of the evidence point to the fact that the speed was at least twice as great as authorized by the company and possibly it was as much as seventy miles per hour.

on sale at People's Drug Store. Matinee—all seats 25c for ladies only.

There are 14,600 actors who claim their homes are in New York city.

MISS FAY AT THE PRINCESS.

Big Audience Mystified by Unique Performance Last Night.

Last night at the Princess theater a tremendous audience greeted Anna Eva Fay and her company in what has proven to be one of the most unique and attractive performances that has ever appeared in Fort Wayne. Miss Fay's work has become the talk of the entire city and the seemingly miraculous things that she has done is almost beyond belief. A number of well authenticated instances where well-known citizens have recovered lost articles and other impossible predictions made by this wonderful little woman have come true. Large audiences are already assured for the balance of her engagement which closes upon Saturday night. The matinee tomorrow (Saturday) will be exclusively for the ladies and by present indications it will test the large seating capacity of the theater.

The company that assists Miss Fay gives an evening's entertainment in themselves, the moving pictures and illustrated songs being among the best ever shown in Fort Wayne.

AMERICAN SAILORS SEE POPE.

Pontiff Urges Loyalty to Religion and Country.

Rome, Sept. 28.—The pope today received fifty American sailors from the warships now at Naples. The party, which was conducted to Rome by Chaplain McGinty, of the armored cruiser West Virginia, was presented to the pontiff by Monsignor Kennedy, rector of the American college here. The pope gave each of the men his hand to kiss and delivered a short address, which was translated by Monsignor Kennedy, urging the sailors to be loyal to their religion and country, faithful in the performance of their duties and obedient to their superiors. At the conclusion of the audience the pontiff bestowed the apostolic benediction on the sailors and caused each of them to be presented with a souvenir medal. When the pope left he was heartily cheered by the visiting Americans. The sailors were photographed on the court of Damaso.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my-eod-w

TOLEDO MAYOR DEFIES A LAW.

Whitlock in Fight to Avenge Insult to "Golden Rule" Jones.

Toledo, Ohio, Sept. 28.—Mayor Whitlock yesterday started to avenge an old insult offered Mayor Jones during his life, when he appointed Johnson Thurston acting police judge during the absence of Judge Brough. When Jones was alive a special law was passed, through the efforts of the machine, giving the police clerk power to fill vacancies on the police bench. Whitlock holds this unconstitutional. After Thurston arrived Police Clerk Krieger, who is one of the machine men, appointed T. H. Connolly. In the meantime Thurston had adjourned court and had the police stationed at all the doors so that Connolly could not get in. The latter held a rump court in the clerk's office. The solicitor stands by the mayor and refuses to pay the appointees of Clerk Krieger.

PRIEST AND BEGGAR IN FIGHT.

Rector Trounces Tramp and Forces Him to Give Back Dime.

Indianapolis, Ind., Sept. 28.—A tramp called at the residence of Father Gavisk of St. John's church yesterday and asked for money with which to buy something to eat. Father Gavisk gave the fellow a dime.

"You must think I am going to a —— cheap restaurant," snarled the beggar.

Father Gavisk demanded the return of the dime, but the tramp refused. Then the priest's fighting blood was up and he gave the fellow a blow. There was a struggle and the man went away from the door without the dime.

"GARDEN SASS" TRUST INDICTED.

Growers of Lettuce Said to Have Formed an Illegal Combine.

Jefferson, Ohio, Sept. 28.—The grand jury yesterday returned an indictment against members of the Ashtabula Lettuce Growers' association, who are charged with an unlawful combination to control the price of the output of crops grown under glass, notably lettuce, tomatoes and cucumbers. The men indicted are Ernest E. Dunbar, Charles Hopkins, R. W. Criswold jr, Frank Luce, Edwin A. Adams, Jay Adams, R. Wilson Rogers and F. and William Stone.

WOMAN HURLED FROM WINDOW.

Husband, Accused of Crime, Declares It Was an Accident.

St. Louis, Mo., Sept. 28.—Overton Wilson, a steamfitter, living at 3617 North Twentieth street, is under arrest charged with throwing his wife, Eva, 28 years old, from a second-story window last evening after a quarrel over a kitten. It is likely that the woman will die. Wilson admits that he had a tussel with his wife, but asserts that she lost her balance and fell out.

HOCH VICTIM IS MARRIED.

Martha Herzfeld, Who Wedded Murderer, Again Becomes a Bride.

Los Angeles, Cal., Sept. 28.—Martha Herzfeld, upon whose evidence "Bluebeard" Hoch was convicted, was married yesterday at Pasadena to Henry Hemmelearn, a retired banker, who has a handsome residence on "millionaire row," Orange Grove avenue. The woman has been reticent about her connection with the Hoch affair and at the time of the trial of the murderer she refused to return to Chicago to testify, but the sheriff of Cook county succeeded in persuading her to give her deposition.

Mrs. Herzfeld was one of the victims of the man and after he had married her and had taken all her money she was cast adrift and came to Los Angeles. She was for a time Hemmelearn's housekeeper.

'PHONE HABIT BREAKS UP HOME.

Wife Asks Divorce, Saying Husband Annoys Her By Calling Her Up.

Cleveland, Ohio, Sept. 28.—William Betz has the "telephone habit," declares his wife, Vina, who filed suit for divorce yesterday. She says that at all hours of the day and night she is called to the telephone by Betz and asked foolish questions. Often, she says, he awakens her at midnight by calling up to ask her "if the mockingbird sings." She asks the court to force Betz to quit bothering her.

FORGETS DIVORCE AND SUES.

Milwaukee Woman Charges Her Former Spouse With Desertion.

Milwaukee, Wis., Sept. 28.—Mrs. John Schroeder forgot that she had secured a divorce from her husband and yesterday she applied for a warrant charging John Schroeder with desertion. When the case came up in the circuit court it was discovered that a divorce had been granted last October, but the woman claimed to have forgotten the fact entirely. Her suit was dismissed.

FIRES CLOTHING TO END LIFE.

Sixth Sister to Commit Suicide Uses Desperate Means.

Freeport, Ill., Sept. 28.—Miss Julia Winslow, who belonged to a prominent family near Warren, several miles from here, committed suicide by saturating her clothes with kerosene and then setting fire to them with a match. She was the last of six sisters, all of whom committed suicide.

A Bank Account

Is a good thing to have—So is a Garland Stove.

We consider in buying a Garland, the best investment you can make. We can assure you your bank account will be larger—economy is the reason.

When you burn hard coal you don't get breakfast in a cold kitchen. Remember every time you start a fire you are wasting fuel.

Garland Ranges are operated with one damper. No spoiled bakings as water in reservoir is heated by contact.

You certainly will enjoy the comforts of home by insisting on using the Garland.

We are showing some entirely new patterns—modern methods in stove construction.

A number of young ladies met at the home of Miss Clara Bandeau and o ganized the Y. C. F. O. club. The members are Misses May Knase, Emilia Neiher, Olive Lamboley, Irene Murphy, Gertrude Rufner, Lulu Dixon, Anna Welch.

Mrs. Harold Smith and daughter, Helen, of Grand Rapids, are visiting Miss Gertrude Green, of West Main street. Wednesday afternoon Miss Green gave a little thimble party for Mrs. Smith, who will be remembered as Miss May Sweet, of this city.

Mrs. James Brinsley and daughter, Mrs. Edward Hines, of Springfield, O., who are guests of L. S. Brinsley and family and other relatives, will return home tomorrow. Miss Harriet Brinsley gave an informal company in honor of the visitors on Wednesday evening.

Carl Rippe entertained the members of the Wakula club at his home on West Jefferson street, last evening. Prizes at red letters were won by Carl Suedhoff and Pauline Doebler. The other members of the club are Martha Lukens, Marian Purcell, Christie Shryock, Gladys Haskell, Marie Calkins, Alfred Foellinger, Kent Kampe, Earl Achenback.

A merry company of high school girls will give a marshmallow bake this evening and they have invited an equal number of young men to participate in the fun. The company will meet with Margery Gutermuth and will consist of Esther Auger, Katherine Archer, Anna Heyman, Edith Harding, Margaret Saylor, Irman Henderson and Messrs. Dan Ball, Heeley Link, Irving Jones, Howard Saylor, Reuben Morris and Perry Cooper.

The Jolly Twenty club spent a pleasant time with Miss Ethel Flagler at her home on Masterson avenue, last evening. Miss Fronia Middleton and Wave Cartwright won prizes for first honors in games and Hazel Cartwright and Charlie James took the boobies. Other guests were Misses Pearl Neal, Opal Middleton, Aurelia and Loretta Blondell, Mary Hausbach, Jessie Byers and Percy Cartwright, George James, Clarence Ake, Clarence, Clyde and Nova Cartwright.

* * *

Schaaf-Fletemeyer.

Details of the wedding of Mr. Otto B. Schaaf, a former Fort Wayne young man, to Miss Katherine Fletemeyer, of Lafayette, will interest friends of this city. The marriage took place Wednesday afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs. Henry C. Fletemeyer, and Rev. C. M. Schaaf, of Prospect, Ohio, performed the ceremony. The bride wore a white batiste gown trimmed with point lace and pearls. The colors of the wedding decorations were white and green and the bride's table for the supper was done in white carnations and ferns. Mr. and Mrs. Schaaf went to Detroit and from there will take a lake trip. The bride is spoken of as a young woman of charming personality, who is loved and admired by all who know her. Mr. Schaaf is a graduate of Purdue pharmacy school and is employed in one of Lafayette's leading drug stores. The guests from Fort Wayne who attended the wedding were Mrs. Katherine Marquardt, Mrs. A. J. Bitner and Albert H. Schaaf.

CONVICTS CLAIM $850,000.

Gaynor and Greene Seek to Recover Amount From Government.

Macon, Ga., Sept. 28.—The examination which was to have been given the claims of Greene and Gaynor, who are serving sentence as the result of their prosecution for irregularities in the government engineering work in the Savannah, Ga., district, yesterday was postponed. Illness in the family of United States Attorney Collins, who was to have made the examination, was given as the cause. The claim of the prisoners is for $850,000 for engineering work done at Savannah harbor.

RESORT LEASES BRING FINE.

Wealthy Iowa Man Assessed $600 for Renting Property.

Des Moines, Iowa, Sept. 28.—The F. M. Hubbell company, which is the incorporated name for F. M. Hubbell, probably the wealthiest man in the state, was fined $600 in the criminal court yesterday for leasing property for immoral purposes. The judgment came after Judge Howe overruled a demurrer to the indictment and the defendant refused to enter a plea. There were six indictments against the Hubbell company and a fine of $100 was imposed in each case.

NEED MORE EXPERTS.

Washington, Sept. 28.—The treasury department is experiencing considerable difficulty in securing the services of competent heating and ventilating engineers and draftsmen. Owing to the passage of the recent public building bill, the work in the office of the supervising architect is increasing to such an extent that the services of such men are in demand and the usual course of obtaining them through the civil service commission has failed to secure them for the reason that the eligible list is exhausted and examinations will not be held for some time. Temporary appointments are available and the office is endeavoring to secure competent men at salaries ranging from $1,200 to $1,800 per annum.

BEVERIDGE ON THE PROGRAM.

Will Be One of the Speakers at Republican Dinner in Boston.

Boston, Mass., Sept. 28.—Senator Albert J. Beveridge, of Indiana, will be one of the speakers at the annual dinner of the Republican club of Massachusetts, which is to be held in Symnes Symphony hall Monday evening, October 8. This will be the first big political gathering following the republican state convention and will be an event of great interest in the Bay state.

Corporal Bayless, in charge of the local marine corps recruiting station, accepted Ernest Newport and Loid Folks, of this city, for enlistment today. Lieutenant Hamilton will be here from Detroit in a few days to take the young men to the recruiting headquarters.

COFFEE WAS IT.

People Slowly Learn the Facts.

"All my life I have been such a slave to coffee that the very aroma of it was enough to set my nerves quivering.

I kept gradually losing my health but I used to say 'nonsense' it don't hurt me. Slowly I was forced to admit the truth and the final result was that my whole nervous force was shattered.

"My heart became weak and uncertain in its action and that frightened me. Finally my physician told me, about a year ago, that I must stop drinking coffee or I could never expect to be well again.

"I was in despair for the very thought of the medicines I had tried so many times nauseated me. Of course I thought of Postum but could hardly bring myself to give up the coffee. Finally I concluded that I owed it to myself to give Postum a trial. So I got a package and carefully followed the directions, and what a delicious, nourishing, rich drink it was. Do you know I found it very easy to shift from the coffee to Postum and not mind the change at all. Almost immediately after I made the change I found myself better and as the days went by I kept on improving. My nerves grew sound and steady, I slept well and felt strong and well balanced all the time. Now I am completely cured, with the old nervousness and sickness all gone. In every way I am well once more." Name given by Postum Co., Battle Creek, Mich.

It pays to give up the drink that acts on some like a poison, for health is the greatest fortune one can have.

"There's a reason."

Old Fashioned and Antique Jewelry Modish

Heirlooms Now in Demand by Women Who Follow Fashions.

BRACELETS POPULAR

Brooches Made Into Pendants, Watch Cocks Into Necklaces.

To be quite smart and up-to-date a woman must now bedeck herself with her grandmothers brooch, bracelet or necktie, for oldfashioned jewelry is quite taking the place of articles of modern manufacture and the goldsmith's art is feeling the effect keenly. But fashion has set the pace, and women who are lucky enough to possess these charming old time relics are more than willing to follow suit.

While perhaps bracelets have experienced to a greater extent than any other article of jewelry the fulness of this revival, any thing that savors of the antique is considered quite as smart and lends a touch of quaint charm to an otherwise commonplace costume.

The broader the bracelet the better, and one of the quaintest styles seen is that made like the old fashioned "book" chain, each link fitted into the other and over-lapping so that the method of joining them it not at once apparent, the bracelet resembling fish scales when laid flat. It is, however, pliable and easily adjusted in spite of its intricate workmanship. Occasionally a row of gold fringe will finish the end of the bracelet or a rim of filigre gold, while the decoration, if any, is invariably an oval gold ornament set with corals.

Coral Strings in Favor.

From many an unique collection of the family jewel box comes necklaces of one sort or another to grace the charms of the maiden of today and of all there is none which is more effective than one of the roses of gold which savors somewhat of Syrian manufacture. The original of the one in the illustration was formerly in the possession of a wealthy New York woman, whose fortunes have now long since been dissipated, and her jewels, many of them famous, found their way into the antique shops of the city to be bought up by those who were on the lookout for treasures of that sort.

No jewels were used in this necklace, the beauty of the necklace depending upon design and workmanship. Coral strings are in the greatest favor and lucky is the woman who has had one handed down to her as an heirloom, for to buy one will cost from $40 for a short neck string, up to $100 and over, for the longer strings are more, according to the size and color of the beads.

To possess a necklace or a bracelet composed of watch cocks is the desire of smart women today. These watch cocks, which are exquisite specimens of the goldsmith's art, were years ago used in old time watches of a certain make. To obtain a sufficient number to form either a bracelet or necklace is quite a task, though it is being constantly done. They are being gradually collected by dealers and are in great demand. The work is like the most delicate etruscan goldsmithing, and when finished in rose gold the articles constructed are marvels of beauty.

Brooches Made Into Pendants.

While the old fashioned brooches are not worn to such extent as other articles of jewerly, they are made over into pendants and make really beautiful charms, which lend a pretty finish to a white lingerie waist or gown.

One of the styles of old fashioned brooches most often seen is that set with a carbuncle or coral with gold or coral drops. Occasionally the earrings are worked into a pretty disign in connection with the brooch. With cameos, where there are a number of them, the most fascinating dog collars may be made, the stones being simply set and linked together with chains of gold, either plain or ornate, according to the fancy of the wearer and the size of her purse.

For a time silver filigree work was quite the rage and nearly every woman has now in her possession some pieces of this dainty work. Some charming necklaces and dog collars are being made from these odds and ends and even the handles of souvenir spoons have been brought into requisition for the purpose. When gold plated they are stunning and an addition to the gowning of any woman. There is, as a matter of fact, no end to the possibilities of these odd bits of old fashioned jewerly and many of the jewelers and goldsmiths of New York are making a business of originating designs to utilize them.

LYTLE'S CAR IS BARRED.

New York, Sept. 28.—Jefferson De Mont Thompson, chairman of the Vanderbilt cup commission, which had charge of the elimination race to select American automobiles for the Vanderbilt cup race, said today that the race car driven by H. H. Lytle has not been restored to a place among the five machines selected. Lytle's machine was excluded because it was towed part of the way to the starting line. Mr. Thompson said today that Lytle's case was hopeless and that Colonel Albert A. Pope had written to him saying that he accepted without comment the action of the commission in excluding the car driven by Lytle.

This renders unnecessary the withdrawal of the car which was given the place on the American team when Lytle was excluded.

PROSECUTOR OUSTS DEPUTY.

Duff Removes Man Nominated to Succeed Him in Office.

Goshen, Ind., Sept. 28.—Deputy Prosecutor Lloyd L. Burris of this city was yesterday summarily removed by Prosecutor W. H. Duff, of Lagrange, and Thomas A. Davis of this city, appointed in his stead. The reason is Mr. Burris' defeat of his chief for the republican nomination of prosecutor for this judicial circuit. The defeated candidate and his friends are trying to organize republicans in Lagrange county for the democratic candidate, Otis L. Ballou, in an effort to defeat Burris.

MEALS FOR TOMORROW

(Chicago Record-Herald.)

SATURDAY, SEPTEMBER 29, 1906.

—Breakfast.—
Shredded Wheat Biscuit with Baked Pears.
Baked Hash. Popovers.
Oatmeal Wafers.
Coffee.

—Luncheon.—
Fish Timbales.
Cucumber Sandwiches.
Peach Fritters, Foamy Fruit Sauce.
Marqueritos.
Cocoa.

—Dinner.—
Cream of Celery Soup.
Baked Tongue with Hot Chile Sauce.
Mashed Potatoes. Creamed Onions.
Cabbage Salad. Sour Cream Dressing
Pear Charlotte, Maple Syrup.
Coffee.

Pear Charlotte—Slightly moisten six slices of stale bread with cold water, spread them with soft butter, put half of them in the bottom of a buttered pudding dish, spread over them two cupfuls of finely chopped ripe pears and sprinkle with four tablespoonfuls of sugar, a grating of nutmeg and a tablespoonful of lemon juice. Lay over them the remainder of the bread, another two cupfuls of the chopped pears and nutmeg, sugar and lemon juice as before. Pour over one cupful of thin maple sirup, cover closely and bake in a slow oven for one hour. Serve hot with whipped cream or maple sirup. Fine.

Appended are several delicious ways of serving pears!

Pear Pudding—This is a richer dish than pear charlotte. Beat the yolks of three eggs with one-half cupful of granulated sugar; add one-half saltspoonful of salt, one tablespoonful of butter, the juice and grated rind of one small lemon, one and one-half cupfuls of hot water and one tablespoonful of cornstarch dissolved in a little cold water. Cook in a double boiler until the mixture thickens. Line a shallow pudding dish with puff paste and bake in a good oven. When done remove from the oven and half fill the crust with diced stewed pears made very rich, and pour over these the custard. Whip the whites of the eggs stiff, add three tablespoonfuls of powdered sugar, a few drops of almond extract. Heap it over the pudding and put in a slow oven until very lightly browned. Serve very cold.

Pear Trifle—Cut the rich flavored fruit into dice and cook until tender in a little rich sugar sirup. Line a deep glass dish with lady fingers or cocoanut macaroons (crumbs may be used if more convenient); pour over a generous layer of dry whipped cream and alternate these layers until the dish is full, having the last layer of whipped cream. Serve very cold.

Pear Salad—For this salad select very fine, rich flavored fruit, pare, core and cut in thin slices. Mix with one-third the quantity of sliced bananas, one-fourth as much broken English walnut meats, and enough simple French dressing to make very slightly moist. Prepare only a short time before it is to be served, and serve very cold in bleached lettuce cups. If preferred a sweet dressing may be made with the well-beaten yolks of three eggs, a small cupful of powdered sugar, the juice of one lemon and half a cupful of any kind of tart fruit juice, fresh, canned or dissolved jelly.

DEATH OF JOSEPH BIRDSELL.

President of South Bend Manufacturing Company Expires at Home.

South Bend, Ind., Sept. 28.—Joseph Birdsell, one of the best-known manufacturers in South Bend, a resident of the community since 1864 and president of the Birdsell Manufacturing company, known throughout the world as the largest clover huller factory in existence, died yesterday afternoon at 3:45 o'clock after an illness with Bright's disease covering a period of three months. He was 62 years old.

DOCTOR IS HELD FOR ARSON.

Ohio Man Arrested on Charge of Burning His Own Home.

Lebanon, Ohio, Sept. 28.—Deputy Fire Marshal Ambrose yesterday caused the arrest of Dr. A. B. Spence, of this city, on the charge of attempted arson. The doctor was released on bond pending a grand jury investigation of the case.

A fire was discovered in the doctor's home Tuesday night. It is alleged that thirty fire lines had been laid and then lighted. Before the match had been applied, it is stated, windows were covered by dark paper and other precautions taken to delay the discovery of the fire.

THIS CARD TO A GENEROUS PUBLIC

Fort Wayne, Ind., Sept. 27, 1906.

The management of Anna Eva Fay and the Princess theater, for the convenience of purchasers of tickets to the Princess theater tonight, Saturday night and Saturday matinee, have placed tickets upon sale at the People's drug store, opposite the postoffice, and are desirous that those wishing to attend the remaining performances of a most wonderfully gifted woman, the genius of the twentieth century, that you secure your tickets in advance, that you may avoid experiencing the inconvenience of being in the crush such as was there last night, as nearly 2,000 people attended the performance and it was impossible for them all to pass in at one entrance.

Trusting that you will observe this notice, those anticipating attending the exhibitions given by Miss Fay and her company would do well to purchase their tickets in advance at Weihe & Keyser's drug store, opposite the postoffice, as all holders of tickets will find entrance on Fulton street side of the theater. Those going to the theater without tickets will pass in at the Main street entrance, where they may purchase their tickets at the box office. The price of admission is 10, 20, 30 cents for tonight and Saturday night. The matinee is for ladies only, with no reserved seats but the boxes. The general admission for Saturday afternoon will be 25 cents. These tickets will be placed on sale Saturday morning at 9 o'clock at the People's drug store.

If it's a shirt just a little different from the others you want, come to us.
PATTERSON.

WHY DON'T YOU

Go to night school and increase your salary? Others are doing it. October term International Business College begins next Monday. Phone 504.

FT. WAYNE TOLEDO

Miss Flick
Florist and Decorator

Decorations for Receptions and Weddings, Bridal Bouquets, Artistic Designs, Beautiful Foliage Plants.

Telegraphic, telephone or mail orders promptly and artistically filled. Cut flowers sent by express to friends out of the city.

207-9 W. BERRY STREET.

CARE OF CHILD'S TEETH.

The teeth should be cleaned after each meal, first by drawing a piece of dental floss between each tooth and then with a good fir mtoothbrush and lukewarm water. A toothpick made of wood is not injurious, but the dental floss does the work of the toothpick much more thoroughly.

There is not a man in the world but something improves in his soul from the moment he loves and that though his love be vulgar.—Maeterlinck.

IN PRAISE OF KITCHEN GARDENS.

Whoever turns his skill and patience to account in the creation of the material necessaries and luxuries of life finds a source of special enjoyment in the work, as well as a welcome addition to the family meals. To be sure, there are people who say that a kitchen garden is an expensive affair, but whether it shall be a gain or a loss depends entirely upon how it is managed—whether the owner tills the ground with his own hands or leaves it to a jobbing gardener to fork soil over occasionally, and charge his own prices for seeds and plants that may be incapable of attaining a profitable perfection. By right management, on either a large or small scale, the kitchen garden is immensely profitable.—Garden Home.

HOW TO TAKE SCATCHES FROM FURNITURE.

Instead of washing them with a rag and water, which would have little effect on the dust collected around the beading, I would use an old tooth or soft hair brush, saturating it with soapy water before using. Scrub the beading back and forth until it looks clean, then dry with a soft cloth.

The best way to remove scratches from furniture is to use pulverized pumice stone. Rub it on to the marred surface with a soft flannel rag that has first been wet in crude or raw linseed oil. Apply briskly until the scratches disappear, then rub with the linseed oil alone until the surface comes to a polish.

You are the man we can suit to a "T"

We've the right kind of Suits at the right kind of prices.

We've Suits for the smart Young Dresser, who wants every style kink that's going thrown into his Suit.

We've Suits in conservative styles, such as the practical man delights to wear.

If you don't know just what you want, come here and our display will show it to you.

If you do know what you want, you'll find it here, if it's right for Fall wear.

SUITS AT $10, $12, $15, $20 OR $25

And, while there is nothing unusual about these prices, there is something very unusual about the Suits we are offering at these prices.

Pixley & Co.
THE CLOTHIERS.

CLEANING RIBBONS FOR FALL USE.

If the silk is good quality I should put the ribbons into a basin of lukewarm water in which there is a suds made from a pure white or castile soap, then wash them and before they are entirely dry, straighten to get out the wrinkles and creases, and put each piece between two folds of paper. Then iron, and the ribbons should look like new. If the ribbons are of an inferior grade I would not attempt to wash them in water, but would cleanse them in gasoline or benzine, washing them enough times to take out all the soil spots. Do this out of doors, and after pulling out the wrinkles hang on a line in the sunshine so that the disagreeable odor will be absorbed.

THE TALK OF THE TOWN.

Our No. 2 and No. 3 'Varsity suits for the young men. Nothing like them ever shown in the city.

THERE'S MUCH IN IT

A course in Stenographic or Commercial work at the International Business College. New term Monday, Oct. 1. Particulars free. Phone 504.

S.S.S. PURELY VEGETABLE

The forests and fields are abundantly supplied with vegetation of various kinds, not alone to beautify the land, but to furnish the ingredients for making a remedy for every ill and ailment of mankind. Medicines made from the roots herbs and barks, which nature has placed at the disposal of man, act better in every way than do strong mineral mixtures and concoctions—the products of the chemist's shop. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health. S. S. S. enjoys the distinction of being the only purely vegetable remedy on the market. It is made entirely of gentle-acting, healing, purifying roots, herbs and barks, possessing properties that build up and invigorate all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all disorders of the blood by cleansing the circulation of the cause, and it cures safely as well as permanently. It is as safe for children and old people as for those in the prime of life, and is the one blood medicine that may be used without fear of bad after-effects. Book on the blood sent free to all who write.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FAMOUS CELESTIAL MILLIONAIRE DEAD

AFONG, RICH HONOLULU MAN, DIES IN LAND OF BIRTH.

Had a Baker's Dozen Daughters, and Each Was Given Dowery of a Million Dollars.

Honolulu, Sept. 28.—News has been received here that Ah Fong, the Chinese capitalist who made $30,000,000 in the Hawaiian Islands and mysteriously disappeared in 1892, died in China on September 25.

Wing Ah Fong, a Chinese coolie, landed at Honolulu in 1858. While his companion immigrants went out to work on the plantations, Ah Fong set up as a Chinese merchant. He imported from China opium and other luxuries, which he sold to his countrymen at prices which enabled him soon to become the foremost Chinese man of business in the Hawaiian islands.

Ah Fong's place of business was on the water front. For a neighbor he had a half English, half Portugese ex-sailor named Fayerweather, who had married a native Kanaka beauty, and, like Ah Fong, was struggling to build up a fortune. Fayerweather had one daughter whom he had placed as a companion in one of the missionary families.

Mixture of Four Bloods.

This daughter, when barely fourteen years old—which means maturity in that balmy climate—had a wild and luxuriant beauty, uniting the chief charms of the women of three countries represented in her ancestry—England, Portugal and Hawaii. Ah Fong made this girl his wife.

Ah Fong became the confidant of old King Kalakaua. He became a great importer. He controlled the coolie market and the opium trade. He made large investments in real estate and piled million on million.

Thirteen Beautiful Daughters.

Meantime his wife had presented him with fifteen children, thirteen girls and two boys. The girls became famous the world around. They were educated in the United States and in Europe. They were Parisian frocks. Seven of them were black-eyed, raven-haired girls. The other six were blonde, with blue eyes and dark eyelashes and hair. Seven of the sisters have their father's tall stature, but the rest are petite figures. They have a pronounced suggestion of Chinese almond shaped eyes, and nearly every one of them the mother's olive complexion and soft, easy mode of speech.

Social Center of Honolulu.

Mrs. Ah Fong had social aspirations and her husband humored them. He changed his name to Afong to please her and built the finest mansion in Honolulu.

The Afong mansion became the mecca of young men and old, ambitious to win an oriental beauty for a wife and to get the $1,000,000 dowry that went with each one.

Nine of the Afong girls married well. Four are unmarried. The nine sons-in-law of the old Chinese merchant are men of prominence in business or profession. One of them is Rear Admiral Whiting of the United States navy.

List of the Afong Girls.

Here is a list of the Afong girls, with the names of the men they are married to:

Marie, wife of H. G. Humphrey, one of the leading lawyers of Honolulu.

Carrie, now Mrs. Arthur Johnston, a Honolulu merchant.

Helen, married to W. A. Henshall, who lost his life in the wreck of the steamer Rio Janeiro in Golden Gate, near San Francisco.

Harriet, now the wife of Rear Admiral Whiting, U. S. N.

Alice, married to F. V. Stokes, collector of the port of Honolulu.

Jessie, wife of Howard G. Morton, a merchant of Honolulu.

Nancy, now Mrs. Alfred Magoon, attorney of Honolulu.

Muriel, wife of Lieut. A. J. Dougherty, United States army.

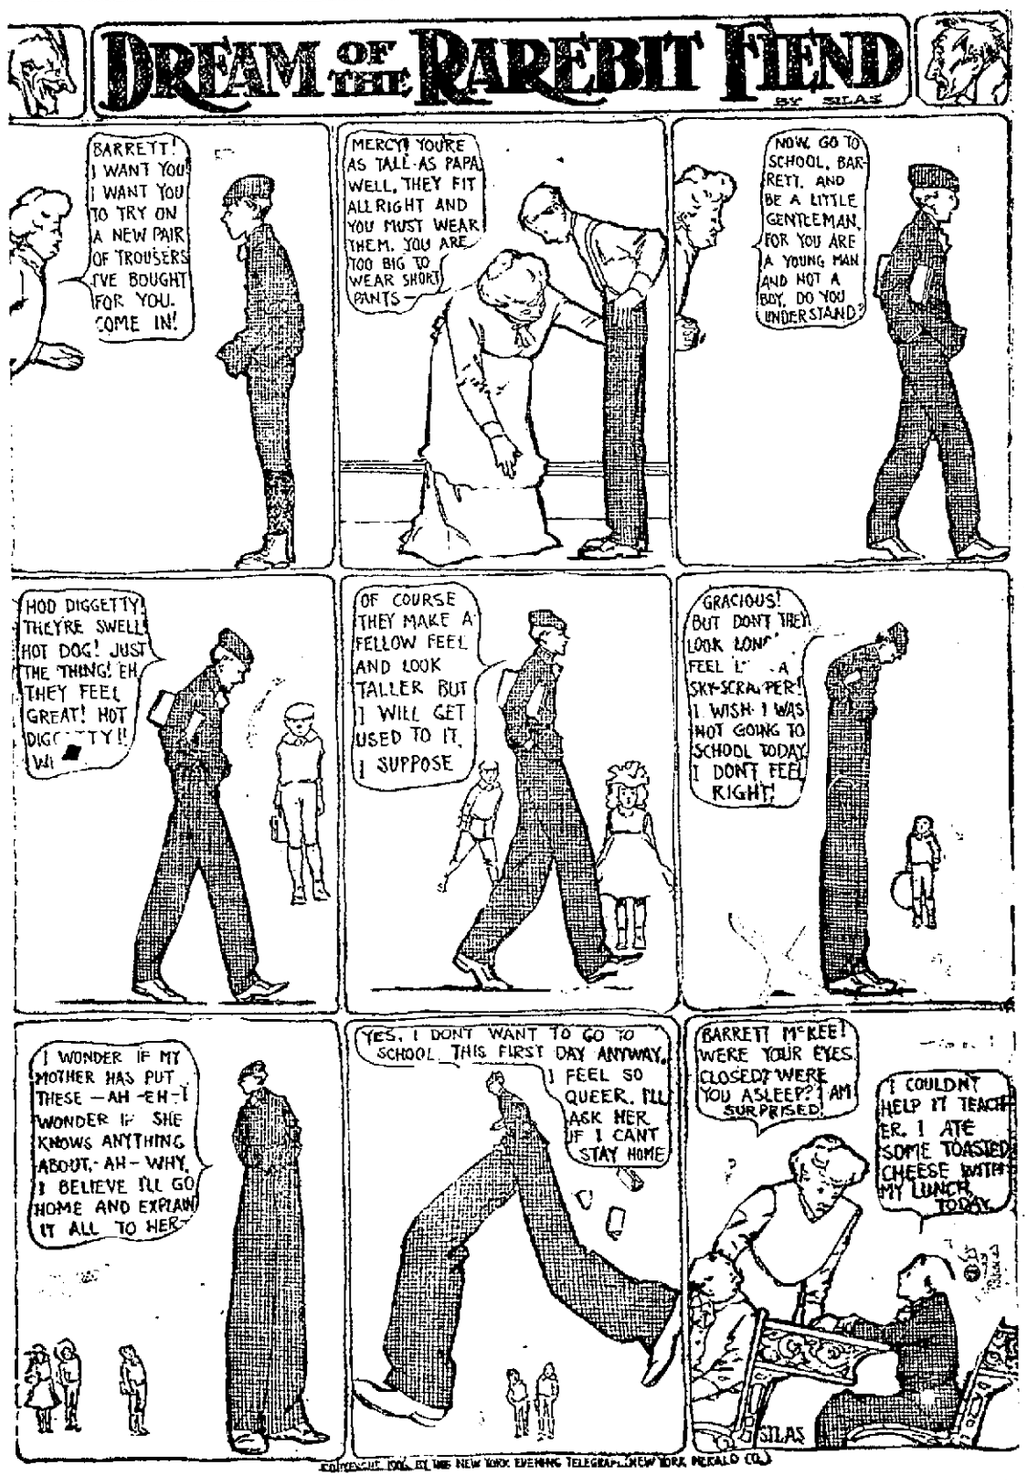
Melaine, married to James W. W. Brewster, of Elizabeth, N. J. They make their home in Honolulu.

Four of the girls—Bessie, Adelina, Kaminola and Emiline—as yet are unmarried.

Goes Back to China.

There were two sons. The oldest disappeared with his father in 1892. The other, Alfred, married Miss Anna Elizabeth Whiting, niece of Rear Admiral Whiting.

Afong never adopted western civilization. He was a Chinaman and clung to Chinese costume and customs. Finally, in 1892, he took his eldest son and went to China. From that day Honolulu never saw him again. He left his property behind him in the care of trustees. The millions he had amassed he left to his wife and his children, to do as they pleased with. Why he went away is a mystery which never is likely to be solved.



DREAM OF THE RAREBIT FIEND
BY SILAS
BARRETT! I WANT YOU TO TRY ON A NEW PAIR OF TROUSERS I'VE BOUGHT FOR YOU. COME IN!
MERCY! YOU'RE AS TALL AS PAPA WELL, THEY FIT ALL RIGHT AND YOU MUST WEAR THEM. YOU ARE TOO BIG TO WEAR SHORT PANTS
NOW, GO TO SCHOOL, BARRETT, AND BE A LITTLE GENTLEMAN, FOR YOU ARE A YOUNG MAN AND NOT A BOY, DO YOU UNDERSTAND?
HOD DIGGETTY! THEY'RE SWELL! HOT DOG! JUST THE THING! EH THEY FEEL GREAT! HOT DIGGETTY!! WI
OF COURSE THEY MAKE A FELLOW FEEL AND LOOK TALLER BUT I WILL GET USED TO IT, I SUPPOSE
GRACIOUS! BUT DON'T THEY LOOK LONG FEEL L A SKY-SCRAPER! I WISH I WAS NOT GOING TO SCHOOL TODAY. I DON'T FEEL RIGHT!
I WONDER IF MY MOTHER HAS PUT THESE—AH—EH—I WONDER IF SHE KNOWS ANYTHING ABOUT,—AH—WHY, I BELIEVE I'LL GO HOME AND EXPLAIN IT ALL TO HER
YES, I DON'T WANT TO GO TO SCHOOL THIS FIRST DAY ANYWAY, I FEEL SO QUEER. I'LL ASK HER IF I CAN'T STAY HOME
BARRETT McKEE! WERE YOUR EYES CLOSED? WERE YOU ASLEEP?! I AM SURPRISED!
I COULDN'T HELP IT TEACHER. I ATE SOME TOASTED CHEESE WITH MY LUNCH TODAY
SILAS

Northern Indiana News and Gossip

Fred S. Matthews, a pioneer resident of Churubusco, died Friday afternoon at the age of 85 years. He had been almost totally blind for the past three years.

Ossian and other small towns surrounding Fort Wayne are without ice, the supply having been entirely exhausted.

It is now believed that the supposed attempt to rob the Markle bank Wednesday night, when Watchman Chris Low was bound and gagged, was simply an attack upon the watchman by personal enemies for purposes of revenge.

Ferdinand Effinger, of Bluffton, was injured in a runaway Thursday when a horse he was driving became frightened at an interurban car.

It is said the Toledo and Chicago interurban is to be extended from Auburn to Waterloo before the first of the new year.

John Kern, a prominent farmer near Syracuse, dropped dead from heart disease Thursday while preparing to take a ride in his automobile. He was 68 years of age.

A surveyor and an expert automobilist, accompanied by a skillful photographer, are touring the northern roads of Indiana making surveys, taking photos and gathering information and details with a view of publishing a complete and exhaustive road book of northern Indiana.

Howe military school, at Lima, Lagrange county, has just opened with the largest attendance in its history.

WILL SPANK GIRLS WHO FLIRT.

Akron Mothers to Join Mayor in Crusade Against "Mashing Evil."

Cleveland, Ohio, Sept. 28.—Mayor Kenpel, of Akron, in his crusade against "mashers" who flirt with girls on the street has issued a statement asking the mothers to help him by spanking their daughters who persist in going down town at night, seeking adventure. The mayor says the girls are largely to blame for the "mashing" evil. Many mothers have promised to comply with his request.

Danderine

GREW THIS HAIR

And we can PROVE IT

Testimonial No. 136.

MISS SELMA HASSEL,
2728 N. 42d Court, Chicago.

Danderine produces and maintains for the scalp a state of health and activity far above the normal. Its applications are healing, cooling, and very invigorating to both the hair and scalp. It shows results from the very first application. It is so efficacious that a sample bottle will, in many cases, be sufficient to prove its rare specific virtues. NOW at all druggists, three sizes.

25c., 50c. and $1.00 per bottle.

KNOWLTON DANDERINE CO., Chicago.

HARRIS-GRAVES WEDDING.

Ceremony Was Performed in Michigan Three Weeks Ago.

The wedding of Miss Edith Graves, formerly of Antwerp, O., and Mr. Arthur W. Harris, a well known traveling man for Carson, Pirie, Scott & Co., of Chicago, has just been announced. Some little notoriety had been given the couple because of their recent denial of the fact that they had been married, but further consideration of the matter led to the announcement last evening. Mr. Harris stated that he and Miss Graves were married in Michigan about three weeks ago but had chosen to keep the matter to themselves until now. Mr. and Mrs. Harris will live at 428 East Berry street, where Mrs. Harris has been conducting a boarding house since the first of May.

DOG, ON TRIAL, BEGS FOR LIFE.

Eloquent Appeal of Pet Moves Magistrate to Grant Respite.

Cincinnati, Ohio, Sept. 28.—"Jack," a yellow dog, the joy and pride of John Hetzler's lowly life, appeared in police court yesterday to plead for his own life. As he could not speak, he did the next best thing—made motions.

Frieda Overhender, a neighbor of Hetzler, swore out a warrant, charging the man with harboring a vicious dog. Jack had bitten her son, she asserted.

When Jack wagged his yellow tail and looked up at Magistrate Lueders in police court he seemed to realize that it was life or death with him. He favored life. He stood up on his hind feet. He shook hands with his master as though in last farewell, and buried his head in uplifted paws.

The crowd in the court room became so interested that the judge had to call a halt. But apparently Jack carried the day, for the case was postponed until October 19.

CHILD TAKES $482; HAS "TIME."

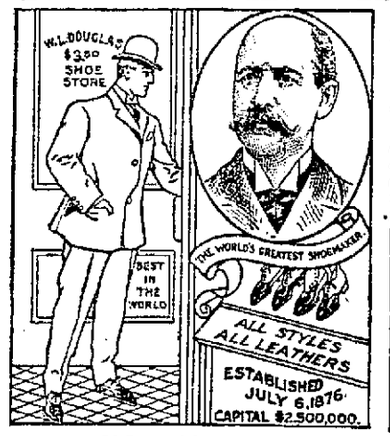
Girl of Eleven Robs Her Mother and Lives in Lavish Style.

Anderson, Ind., Sept. 28.—After a lavish expenditure of money for several weeks Opal Collier, 11 years old, confessed to Chief of Police Smith last night that she had robbed her mother, Mrs. Maggie Collier, of $482 from a purse containing $487 which Mrs. Collier kept in a lounge at the family home. The child betrayed herself when she handed her mother $80 yesterday afternoon, saying the money was given to her by a man who said he had robbed her mother. Mrs. Collier then discovered that her money was gone. Her little daughter had been buying dresses, household articles and entertaining her friends for several weeks, but her mother had believed the child's story of an unknown friend giving her the money. The child was taken before the juvenile court.

The biblical cubit was nearly twenty-two inches.

W. L. DOUGLAS

THE BEST $3.50 SHOES FOR MEN



Do you wear W. L. Douglas $3.50 shoes? If not, you should give them a trial, because they are the best shoes produced for the price; this is proved by my sales. I make and sell more men's $3.50 shoes than any other manufacturer in the world.

UNIVERSALLY SATISFACTORY.
"I have confined my purchases in shoes to the 'Douglas' for the past five or six years, and the only reason I have done so is because they have been universally satisfactory in fit, wear, and style."
A. H. PERFECT,
134-136 Columbia St.

If I could take you into my large factories at Brockton, Mass., and show you how carefully W. L. Douglas $3.50 shoes are made, you would then understand why they hold their shape, fit better, wear longer, and are of greater value than any other make.

BOYS SHOES, $2.00 & $1.75. Just the same as my men's $3.50 shoes, the same leathers, for $2.00 and $1.75.

Wherever you live, you can obtain W. L. Douglas shoes. His name and price is stamped on the bottom, which protects you against high prices and inferior shoes. Take no substitute. Sold in W. L. Douglas exclusive shoe stores in the principal cities, and by the best shoe dealers everywhere.
Fast Color Eyelets used exclusively. Catalogue mailed free. W. L. Douglas, Brockton, Mass.

AN IMPORTANT ANNOUNCEMENT CONCERNING FOREST PARK

PRICES GO UP

You Cannot Buy Lots in Forest Park at Present Prices

AFTER OCTOBER EIGHTH

Long List of Pleased Buyers--Why Not Join Them?

The Fort Wayne Forest Park Company desires to take this manner of making an important announcement concerning the sale of lots in the beautiful new residence addition to the city; but first it is its wish to say a few words concerning the great success of this most wonderful real estate venture over undertaken during the history of the city of Fort Wayne:

The sale of lots was begun on the 12th of last May. At that time, owing to the lateness of the spring season, it was impossible to improve the property to the desired extent before placing it on the market. Nevertheless, the sale was opened at the appointed time, and within the first two weeks $50,000 worth of lots was sold. All who saw the property were delighted with it, and the sales have continued briskly since the opening day of the sale.

OVER 200 LOTS SOLD.

Already, more than 200 lots have been purchased by delighted visitors to the new addition. This statement is backed by the publication on this page of the names of purchasers up to the day of the writing of this article. There is not a dissatisfied buyer among them.

The Forest Park Company is doing everything within its power to make the addition the prettiest, the most convenient and the most desirable of the newer sections of the city in which to reside. Here are some of the things it has already done:

FOUR MILES OF SIDEWALK.

Nearly four miles of cement sidewalks have already been laid in front struction Company has charge of this chasers.

A WATER SUPPLY.

It has laid a water main the entire length of the addition, from north to south, on Crescent avenue, connecting with the city mains. The Olds Construction Company has charge of the work.

FREE WELL WATER.

It has sunk six deep wells in different parts of the addition, whose waters will be free to all who build in the several localities. Biemer & Co. are drilling these wells.

THIRTEEN MILES OF TREES.

It has set out, free of charge, shade trees on all sides of every square. This means that if placed in a straight line, these trees would extend a distance of thirteen miles.

ASSISTANCE TO BUILDERS.

It is assisting buyers to build in the addition by extending financial aid. This it is willing to do in the case of all who haven't a sufficient amount with which to complete their building plans, and who show themselves worthy of the favor.

MAKING GOOD STREETS.

Ever since early spring a large gang of graders has been at work in the addition, with the result that several miles of good streets have already been graded. Much of this street building was very difficult because it extended through the heavy forest with which the northern part of the addition is covered.

THOUSANDS SAW THE ADDITION.

Thousands of people who have heard much about Forest Park saw the addition for the first time during the fair last week. The addition is located between the downtown district and the fair grounds, and the car lines (two of them) patronized by the fair attendants took them to the new addition. Since that time there has been a marked increase in the interest taken in the place. Many who seemed to think the addition was isolated or a long way from the downtown district were surprised to learn of its nearness to the business center.

SOME OF THE BUYERS.

Following is not a complete list of the buyers in Forest Park, but it contains the names of enough purchasers to substantiate the statement that more than 200 lots have already been sold. Read over the list and note the kind of people who have bought in Forest Park. If you would like some of them for neighbors, buy there, too. Some of these are just completing their new homes in Forest Park. Others are waiting until spring. At present, among others, there are being built five up-to-date houses for rent by the Forest Park Company. Here is the list of buyers:

A. T. Anderson, patternmaker.
John J. Andre, manager Fort Wayne Cooperage Co.
Samuel Anglemeyer, National Handle Co.

IMPORTANT ANNOUNCEMENT.

The prices of lots in Forest Park have remained $250 to $450 since the opening day of the sale. On the 8th of October (Monday) the price of each lot will be increased $25. The prices from that date until the figure is again increased will be $275 to $475. Buy now! The same terms will prevail as before, namely: Five per cent. discount if lots are paid for within thirty days from date of purchase; or you may pay $10 down and $5 per month.

It will be too late on the morning of Tuesday, October 9th, to buy lots in Forest Park at the present figures. Many will take advantage of the few remaining days. See Forest Park if you have not already done so, and don't miss this splendid chance to buy for a home or for investment in "the best addition that was ever made to the city of Fort Wayne."

Yours respectfully,
LOUIS F. CURDES,
Secretary Fort Wayne Forest Park Company,
Rooms 3-4, Pixley-Long Block.

WHATEVER YOUR WANTS

May be, in Men's or Boy's Fall Clothes, you can depend upon Dukes-Rose-Schirmeyer Company for style, make and quality at right prices.

ARMY IS FACING NEW DIFFICULTY

HORSES AND MULES ARE VERY HARD TO GET.

Scarcity All Over Country Has Sent Prices on the Animals Soaring Skyward.

Washington, Sept. 28.—Difficulty is being experienced by the quartermaster general's department of the army in obtaining horses and mules. Even at high prices good cavalry horses are scarce and nearly impossible to procure. The scarcity is not local, but extends throughout the country, even in the stock raising regions of the west and northwest. A few weeks ago a contractor in the state of Washington was awarded a contract to supply the army with about 500 cavalry horses at his bid of $92 a head. He thus far has been unable to fill the contract and it is regarded as likely that he may be nearly financially ruined in his efforts to meet his obligation to the government. A short time before General Funston was ordered to Cuba he requested authority to purchase, in an emergency, fifty cavalry horses at $150 a head. The request was refused by the department, because of the contract which the government had made for such horses at $92 a head. On account of the scarcity of horses, animals suitable for the cavalry now are worth about $140 a head. Mules are even scarcer than horses. Good mules are worth about $180 a head and are difficult to get at that price on account of the great foreign demand. Returns from the bids opened last Tuesday in the west for cavalry horses and mules have not been received at the war department yet, but it is expected that the prices will be high, particularly as the specifications require delivery within fifteen days of the award of the contracts.

DUTY OF BANK DIRECTOR TOLD.

Comptroller Ridgely Says Each Must Guard People's Money.

Philadelphia, Sept. 28.—That the directors of a bank and they alone are finally responsible when the institution is forced into insolvency was the text of an address delivered by William B. Ridgely, comptroller of the currency, before the twelfth annual meeting of the Pennsylvania Bankers' association, which began here yesterday.

That there was no justification in blaming the bank examiner when the crash came was another statement made by Comptroller Ridgely. He insisted that the only guarantee of safety for a bank was the vigilance of the directors in watching the officers and checking up their accounts. Mr. Ridgely said in part:

Except from very rare and exceptional causes, such as sudden panics or runs due to false rumors, there is never any reasonable excuse for the failure of a bank or trust company. It is almost always the result of inexcusable folly and incompetence or dishonesty and fraud, and often due to all of these combined. When a bank does fail, it is the fault of the board of directors. Many others may be to blame, perhaps more than the directors, but the final responsibility of the bank management rests upon the directors, and they are to blame—that is, the whole board as a board and the members as individuals are to blame if they allow the officers or perhaps a few of the directors to so manage the business of the bank as to bring on insolvency.

On account of Holiday, our store will be closed tomorrow until 6 p. m. and open in the evening.

A Friend in Need—Always with You.

WHEN you have Heartburn, Colic, Coated Tongue, Suspected Breath, Acid-rising-in throat, Gas-belching, or an incipient Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics."

They act like Exercise on the Bowel-Muscles that propel Food, and that squeeze the natural Digestive Juices of the body into Food.

* * *

Cascarets ward off, or cure, the following diseases:

Constipation	*Bad Breath*
Biliousness	*Headache*
Indigestion	*Diarrhœa*
Dyspepsia	*Flatulence*
Torpid Liver	*Jaundice*
Appendicitis	*Nausea*
Colic	*Vertigo*
Worms	*Pimples*
Piles	*Blotches*

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

* * *

Headaches, Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel load, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

* * *

All druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." 746

FIND NO HAZING AT ANNAPOLIS.

Practice Stamped Out Three Years Ago, Officials Declare.

Washington, Sept. 28.—In spite of the fact that a number of cadets at the Annapolis Naval academy were court-martialed and punished a few months ago for hazing, the board of visitors in a report to the war department, made public yesterday, says: "We have been informed that no instance of real hazing has come to the attention of the academy authorities in the last three years." The board compliments the cadets upon the high standard of honor prevailing among them and for their co-operation in stamping out hazing and declares that the management of the academy is "an honor to those charged with its administration."

NAMED FOR PHILIPPINE BOARD.

W. Morgan Shuster Selected for Post by President Roosevelt.

Washington, Sept. 28.—President Roosevelt has appointed W. Morgan Schusteras a member of the Philippine commission to fill one of the vacancies caused by the resignation of Governor General Wright and Governor General Ide. The other vacancy was recently filled by the appointment of Judge Charles E. Magoon, American minister and governor of the canal zone. Mr. Shuster, who is a native of the city of Washington, has been collector of customs in the Philippine islands.

WRECK DAM WITH DYNAMITE.

Railroad Would Evade Paying Taxes on Unused Property.

North Adams, Mass., Sept. 28.—In order to save the expense of continuing to pay taxes on unused property, the Boston and Maine Railroad company is having a large dam in the Deerfield river destroyed by dynamite. The dam was built at the time of the construction of the Hoosac tunnel and is situated half a mile outside of the eastern entrance of the tunnel. It cost about $50,000 and was used to secure power for the machinery operated in work on the tunnel. Since the completion of the tunnel, the power developed at this dam has been utilized but little but the railroad has been obliged to pay taxes on the property.

CANCER

Positively Cured No Knife Used.

No need of cutting off a woman's breast or a man's cheek, nose, lip or ear in a vain attempt to cure cancer. No use of applying burning X-rays, plasters, black salve and caustics to the flesh and torturing those already weak from suffering. Thousands of persons successfully treated. Dr. Zimmerman's mild method kills a cancer in sixty minutes. Only one treatment required. Result, the cancer is cured forever.

25 Years of Continued Success Curing cancer and chronic diseases. He cures catarrh of head, lungs, stomach. Dropsy, kidneys, bladder, all bad blood and skin diseases, all diseases of the sexual organs of man and woman quickly cured.

Facial Blemishes.

Superfluous hair, moles, warts, pimples, blackheads, red veins, etc., permanently removed without scarring. Electric treatments of all kinds scientifically given. If suffering from any cause and cannot get well, consult free

DR. CHAS. ZIMMERMAN,

SPECIALIST.

2010 Harrison St., Fort Wayne, Ind.

MEXICO REBELS TAKE TOWN.

Put Officials in Jail, but Are Later Routed by Cavalrymen.

El Paso, Tex., Sept. 28.—The Mexican "revolution" which has been smoldering along the border for months past came to a head yesterday when a band made an attack on the town of Jiminiz, captured it, only to be forced out of their position later by the government troops.

Three men were killed in the engagement and the rebels fled, many crossing into the borders of the United States, which may cause complications with this government, as cavalrymen are chasing them.

The attack on Jiminiz was entirely unexpected. A party of forty rebels entered the town early in the day, surprising the authorities, who were seized and locked up in the jail.

The revolutionists ran things with high hand until the troops reached the scene in response to a telegram to the garrison at Ciudad Porfin Diaz, opposite Eagle Pass, Tex.

The troops numbered seventy-five cavalrymen, who charged on the rebels, who were in the streets. Many of them turned and fired and the soldiers returned the compliment. Three men were killed as a result of this clash, but no further casualties are known.

The troops left a sufficient number of men to liberate the imprisoned officials and then took up the chase of the revolutionists.

Fifteen of them fled across the Rio Grande and the soldiers are following them. An engagement may take place if they meet and complications were seen by the United States customs officials here. The other rebels scattered in various directions.

The raiders are declared to be "bad men" who have given the customs officials much trouble. It is said they make their livelihood by smuggling and have been known to be foes of law of any kind.

Ask for the "Starr" Union Suits at Patterson's. The best fitting underwear made.

GRAND ARMY CELEBRATES.

Republic City, Kans., Sept. 28.—This was Grand Army day at the centenary celebration here of the planting of the American flag on the site of this place 100 years ago by Lieutenant Zebulon M. Pike. Department Commander Coney, of Kansas, and others, delivered speeches.

Visit our children's department.
PATTERSON.

RULING AS TO IMPORTED MEATS.

Attorney General Moody Holds That Pure Food Law Applies.

Washington, Sept. 28.—Imported meat products do not come within the meat inspection law recently passed by congress and it cannot be applied to them, according to an opinion just rendered by Attorney General Moody in answer to a question on the point submitted to him by the secretary of agriculture. As immense quantities of sausage, gelatin, meat extract and other meat products are sent into the United States every year, the decision is considered especially important. The attorney general pointed out, however, that the pure food law specifically prohibited the introduction from any foreign country or the transportation in interstate commerce of impure, adulterated or misbranded articles of food and held that imported meat products come under this law.

STOPS HAZERS WITH REVOLVER.

Wisconsin Freshman Defies Sophomores With Pistol and Knife.

Madison, Wis., Sept. 28.—Joseph Buchan, of Theresa, Wis., a freshman at the University of Wisconsin, held off a number of hazing sophomores with a revolver and a knife last night, when they attempted to enter his room. The sophomores, after breaking open Buchan's door, fled when they saw the freshman backed up against the opposite wall with a gun in one hand and a knife in the other. There were a number of hazing escapades last night. A score of freshmen were caught and given a cold bath in Lake Mendota.

MUNICIPAL LIGHT COMES HIGH.

Columbus, Ohio, Plant Eats Up Big Sum and More Is Demanded.

Columbus, Ohio, Sept. 28.—Once more the managers of the Columbus municipal electric light plant have come to the front with a demand for more money. This time $140,000 is asked for, but the council has not acted upon the matter. Within a few years the investment in the Columbus municipal plant has grown from $63,000 to nearly $500,000 and still the promoters of the deal have not money enough to give the service they promised. The present plant, which was supposed to be a model one, is wholly inadequate.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Sept. 28.—The wheat market here today opened quiet, but firm. The influences that tended to create bullish sentiments were firm cables and unsettled weather in the northwest. Offerings were light. December opened ⅛c to ⅛@¼c higher at 75⅞c to 75⅝@75⅞c, sold at 75⅞c and then reacted to 75⅝c. Minneapolis, Duluth and Chicago reported receipts of 768 cars against 700 cars last week and 980 a year ago.

For December, the highest point of the day was reached at 76c. During the last hour the market weakened on selling by pit traders who were influenced by a decline in the price of wheat at Minneapolis. December sold off to 75¼c. The market closed weak with December off ⅛@⅜c at 75⅛@75⅜c.

Trading in the corn pit was dull and the tone of the market was steady. December opened unchanged to ⅛c higher at 43⅛@43½c to 43¼c and sold at 43¼@43⅜c. Local receipts were 422 cars with 240 of contract grade.

The market held firm all day. The highest point for December was touched at 43⅜@43½c. The close was firm with December up ⅛@¼c at 43⅜c.

Local receipts of oats were a trifle under the estimated amount and this had a strengthening effect on the market. Trading was quiet. December opened a shade to ⅛c higher at 34⅛@34⅛c to 34⅛c and sold at 34¼@34⅜c. Local receipts were 246 cars.

Provisions were firm because of light receipts of live hogs. The volume of trading was small. January pork was 2½c lower to 2½c higher at $13.20 to $13.26. Lard was unchanged to 2½c higher at $7.77½ to $7.80. Ribs were a shade higher at $7.07½@7.10.

The Close.

Prices at the close were as follows:

Wheat—September, 75⅛@75⅝c.	72⅞c;	December,	
Corn—September, 43⅝c.	46⅞c;	December,	
Oats—September, 34⅛c.	34¼c;	December,	
Pork—September, $13.30@13.32½.	$17.00;	January,	
Lard—September, $8.82½@8.85.	$8.65;	October,	
Ribs—September, $8.32½.	$8.75;	October,	

Rye—Cash, 63c.
Barley—Cash, 38@55c.
Timothy—September, $3.97@4.10.
Flax and Clover—Nothing doing.

St. Louis Market.

St. Louis, Mo., Sept. 28.—Close—Wheat—Higher; No. 2 red, cash, 75½c.
Corn—Firm; No. 2, cash, 46½@47c.
Oats—Firm; No. 2, cash, 34c.

LIVE STOCK.

Chicago Market.

Chicago, Ill., Sept. 28.—Cattle—Receipts, 4,000; market steady; beeves, $3.85@6.90; cows and heifers, $1.60@5.10; stockers and feeders, $2.05@4.50; Texans, $3.70@4.40; westerners, $3.55@5.50; calves, $6.25@8.25.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 28.—Prices of stocks shot upwards buoyantly on animated deals at the opening under the influence of the announcement of the placing of $26,000,000 of government deposits in the national banks of various cities throughout the country. There were wide openings in Reading and the Harriman Pacifics and large initial transactions in other speculative favorites. Great Northern preferred advanced 4¾. Reading, Canadian Pacific and Anaconda about 2. St. Paul 1½ and Southern Pacific, Union Pacific, Northern Pacific, Delaware & Hudson, National Railroad of Mexico preferred, Amalgamated Copper, American Locomotive, Colorado Fuel, National Lead and American Cotton Oil 1 to 1¼. The whole list was up an average of a large fraction.

The market did not hold its opening advance long, the over night rise being sufficiently attractive to encourage realizing. This resulted in Union Pacific losing more than its gain and in other stocks where the rise was not so pronounced there was also a relapse to yesterday's closing figures. Great Northern preferred reacted 2¼. The general effect on the list was slight when Reading was marked up again to 147. General selling was renewed again at 11 o'clock following the announcement of call loans at 6 per cent. Union Pacific and Amalgamated Copper fell a point, Northwestern advanced 2½, United States Rubber 1¾ and Distillers Securities 1⅛. Chicago Terminal fell 2.

The rise in the call money rate aroused fears of a flurry before the day was over and some precautionary liquidation resulted. The declines from last night's level for Anaconda reached 4½, St. Paul 2¾, Minneapolis, St. Paul and Sault Ste Marie 2, Union Pacific, Amalgamated Copper and Delaware & Hudson 1¾, Northern Pacific, 1⅝, Wisconsin Central preferred 1½ and a number of others a point or more. Illinois Central rose 1¼ and Lake Erie & Western preferred 4¾. Bonds were irregular.

A few stocks continued to drop but the general selling ceased at 12 o'clock. St. Paul led a rally with a recovery of over a point but the other active stocks did not do so well. Pullman broke 4 points, Chicago & Alton 3 and Smelting and Locomotive preferred 2.

The unwillingness of the market to go up substantially when pressure was relaxed prompted another vigorous selling movement in the late afternoon. Severe inroads were made in prices, the slump in St. Paul and other high-priced stocks creating uneasiness. Central of New Jersey yielded 5. St. Paul 3¼, New York Central, Louisville & Nashville and American Ice Securities 1¾. Reading 1⅜ and Atchison, Missouri Pacific, United States Steel preferred and Colorado Fuel 1 to 1¼. Some recovery occurred before 2 o'clock. St. Paul rallied 1⅝.

The market closed feverish and irregular after the sudden recovery. A violent rebound in prices accompanied a rush to cover by the shorts following the report of a statement from Mayor McClellan on his political attitude. The easing of the call loan rate increased the discomfiture of the shorts. Stocks connected with the ore land's deal reports were most conspicuous, but complete recovery of early losses were quite general. Great Northern preferred's rise over last night reached 10½. Northern Pacific 6, United States Steel 2¼ and Southern Pacific, Chicago and Northwestern, Canadian Pacific, American Locomotive and American Car 1¼ to 1½. With the most urgent demand from shorts satisfied, prices slipped back a fraction. Bethlehem Steel preferred broke 5 points on one sale.

SHOP AND RAIL

Day's Happenings in the Industrial World

RUMORS OF WABASH CHANGES.

Stephen E. Cotter Said to Be About to Retire.

It is rumored in railway circles, and with seemingly good authority, that Stephen E. Cotter, general superintendent of the Wabash, will retire next Monday to take a position on the St. Paul road. In this connection the name of Emmett A. Gould is mentioned as Mr. Cotter's successor. These men are well known in Fort Wayne, both having been superintendent of the eastern division of the Wabash. Mr. Gould is now superintendent of the Missouri Pacific road. Another change on the Wabash is the resignation of S. B. Knight, industrial commissioner, and the appointment of J. Hodgson, assistant foreign agent, to the office of industrial commissioner. Mr. Knight has been in railway work thirty-two years and seventeen years of that service has been in the employ of the Wabash.

G. E. Howard, who has been agent for the Wabash at Steubenville, has been appointed freight agent for that company at Wheeling, to succeed Samuel A. Cunningham, promoted to agent at Canton. Mr. Howard is succeeded at Steubenville by H. Herget, formerly of Sherrodsville.

REGARDING EXPLOSIVES.

Pennsylvania Adopts New Rules for Its Transportation.

To reduce the danger of handling explosives, the Pennsylvania Railroad company, after several months of consideration, has formulated new and stringent rules for their shipment, to become effective at once. One provides that not more than three cars with explosives may be handled in a train for through road movement. They must not be placed nearer to each other than five car lengths, and, if the train permits, a car with explosives must not be within fifteen car lengths of the engine or within ten cars of the caboose.

Only cars in good condition and of not less than 60,000 pounds capacity may be used to carry common black powder, high explosives, smokeless powder, fulminates and great-gun ammunition. Before a car may be loaded with explosives an agent must examine and sign a "certificate of inspection of car containing explosives" upon the prescribed form, and this certificate must also be signed by the shipper if he loads the shipment. Every car containing explosives must be labeled in large letters on both ends and must also have on both sides certificates of inspection. The cars at each end of the one containing explosives must not be loaded with oil, lumber or any inflammable material.

HIS SECOND DISASTER.

The Late Engineer J. S. Butler Was In the Wreck at Cass.

Jonas S. Butler, the Wabash engineer who lost his life in the wreck at Catlin Wednesday morning, was at the throttle of the engine which was pulling train No. 3 when it went through a culvert at Cass on June 26, 1900, and was wrecked. On that occasion fourteen people were killed, all foreigners, and thirty were injured. Engineer Butler and Fireman John Adams were injured, though not seriously. Neither that wreck nor the one at Catlin was because of any fault of Mr. Butler. Engineer Butler was a member of the B. L. E. and carried an insurance in that and other orders. He also possessed considerable real estate.

ROCK ISLAND EARNINGS.

Annual Report Shows an Increase in Both Departments.

Chicago, Sept. 28.—The annual report of the Chicago, Rock Island and Pacific Railway company for the year ended June 30, 1906, was given out today. The gross earnings were $51,287,858—an increase of 16.3 per cent; the operating expenses, $35,067,058, an increase of 12.9 per cent. Other income of $1,015,837 gives the total income of $17,187,636.

The taxes paid amounted to $1,631,890, the interest and rentals, $8,768,914. Deducting these left a net income after providing for all charges of $6,785,832, or 9.04 per cent on the capital stock of $75,000,000. The dividends paid were $4,677,552, or 6¼ per cent on the capital stock. The surplus, $2,108,279—an increase of $2,051,901—was approximated for improvement and equipment fund.

The increase in freight earnings was $1,543,700, or 16.9 per cent, and the passenger earnings increased $1,866,249, or 15.5 per cent.

PENNY FIELD DAY.

Big Event Takes Place Tomorrow Afternoon.

The Pennsylvania Athletic association will have its annual field day tomorrow, commencing with a ball game in the morning at League park and winding up with horse racing and athletic events at Driving park in the afternoon. The executive committee has been engaged upon the program, including the list of events and prizes, for several weeks and promise a good exhibition. The best horses in the city are entered in the races and this feature will be of unusual interest. In order that all shopmen may attend the field day exercises, Supt. J. B. McKim has issued orders closing the shops all day. Some of the prizes offered are now on exhibition in the show window of Shields' clothing store.

One of the most interesting features of the day, at least to a good portion of the people, will be the ball game at League park at 9:30 o'clock. This game will decide a matter of doubt—the championship for 1906 between the northwest and southwest systems of the Pennsylvania on the base ball ground. Each has a game to its credit. The game at Cedar Point several weeks ago was the best ever put up at that place. There were ten innings and the Fort Wayne boys won by a score of 3 to 4. There will be no admission charged at the gate and a big crowd will witness the game. The teams will be lined up as follows:

Fort Wayne—Cherry, lf; Smith, ss; Myers, 2b; Krebs, rf; Koons, cf; Majors, 1b; Rost, 3b; Romary, c; Casey or McCoy, p.

Columbus—Perkins, lf; Pratchel, ss; Poland, 2b; Brooks, rf; Jones, cf; Henry, 1b; Campbell, 3b; Munyon or Mays,c; Butler or Pardee, p.

CLOSING THE CONVENTION.

B. L. F. & E. Will Meet at Columbus In 1908.

Milwaukee, Wis., Sept. 28.—The newly elected officers of the Brotherhood of Locomotive Firemen and Enginemen were installed at the forenoon session of the convention today. Other business included the cleaning up of odds and ends of miscellaneous matters. The next place of meeting, probably Columbus, Ohio, is on the late afternoon program.

ACTIVITY IN BUILDING TRADE.

With the approach of the winter months comes greater activity in the building trades. Everybody engaged in that line has more work in sight than he can handle and the demand upon the lumber yards and planing mills is simply beyond precedent. Among the new houses started this morning was a dwelling on Koch street, back of the St. Vincent Orphan's home by Contractor Samuel Henline.

NEW MEN AT SHOPS.

M. D. Hollenbeck and R. L. Wass, car repairmen; W. Neimeyer and G. J. Readel, lumber handlers, and George A. Brunner, James Brown and G. F. Burlock, laborers at the east shops, are new men on the Pennsylvania pay rolls. Theodore C. Wiehe has been transferred from the section department to the shops.

CONDUCTOR HAS LEG BURNED.

Conductor T. D. Pattee, of the Pennsylvania, wears a blister on his left leg which covers pretty much of the entire lower part of the limb between the knee and ankle. He was scalded by hot water from the injector yesterday and may have to lay off several days.

NEW SAFETY VAULT.

Work was begun this morning on the new vault for the records of the Kerr Murray Mfg. Co. The vault is situated in the rear of the offices of the firm and will be a two-story affair of the most modern fire-proof construction.

REPAIRED TWELVE ENGINES.

During the five days ending today the Pennsylvania shops turned out twelve engines that had been given more or less extensive repairs. They were Nos. 7275, 7467, 7625, 7645, 7663, 7722, 7755, 7862, 7858, 7480, 7452 and 7336.

INDUSTRIAL NOTES.

W. W. Todd is in Chicago today in the interest of the Pennsylvania.

Beginning tomorrow every other car on the Broadway line will be a closed one.

The Nickel Plate round house office will be moved today to its new foundation.

H. H. Moot, district traveling passenger agent of the Great Northern, is in the city today.

The Isle of Spice Co. came in at noon today over the Lake Shore from Ypsilanti, Mich.

W. S. Merchant, traveling passenger agent of the Canadian Pacific, is in the city today.

R. and O. Leslie, Lake Shore trucksmen, are laying off to attend to some private business.

Nickel Plate Engineer A. E. Evans has reported for duty after being off on account of sickness.

N. S. Patton and C. W. Hagerman, Nickel Plate brakemen, have reported for duty after being sick.

Cashier J. J. McCracken, of the Pennsylvania, is recovering from an illness that has kept him from his office for some days.

New men on the pay roll at Kerr Murray's are Harry Kress and Roland Clements, moulders.

E. Brown, engineer at the Kerr Murray plant, is very sick at his home with typhoid fever.

Willis Anderson, manager of the Mondamin Dairy Co., has returned from a business trip.

M. P. O'Connors and H. Smith, boilermakers, and John Smithers, machinist, are on the sick list at Kerr Murray's.

Shipments that left the Kerr Murray plant this morning were: Car loads to Sedalia, Mo.; Boone, Iowa, and Denver, Col.

P. E. Eggeman, chief clerk at the Nickel Plate freight house, will go to Bellevue, Ohio, tomorrow to visit his brother for a few days.

Machinist A. Wefel, who has been working nights at the Pennsylvania shops for several months, has taken a position at the S. F. Bowser works.

Foreman Henry Shuster and W. H. Korte and H. Fox, of the carpenter department of the Pennsylvania shops, have gone to Barber lake to spend three or four days.

C. G. Worz, a Pennsylvania shopman, is sick and off duty. Machinist A. Kummer and Tank Builder P. Z. Romey, who had been sick, reported for duty this morning.

Engineer David Moore, of the Pennsylvania, who has been unable to work for a few days on account of sickness, is getting ready to make a pleasure trip into the southwest. He will visit Texas and Indian Territory while away.

Jacob Backes, assistant foreman of the Pennsylvania boiler shop, has gone to Norwalk, Ohio, to visit his brother, Matt Backes, who is foreman of the boiler shops of the B. & O. at that place. Matt Backes was employed in the Pennsylvania shops in this city ten years ago, being transferred to Wellsville. He remained there only a few years, however, having been offered a better position with the B. & O.

KEEPS OFF CLAIM AGENTS.

Must Not Solicit Pension Business at Military Posts.

Washington, Sept. 28.—A general order just promulgated by the war department positively prohibits the soliciting of pension or other claims against the United States on military reservations or at military posts, camps or stations and commanding officers are directed to take measures effectually to prevent such solicitation. Officers and enlisted men who give information with a view to aiding persons who solicit such claims will lay themselves liable to trial by court-martial.

In this connection the army regulations have been amended so as to provide as follows:

"Information concerning sick and wounded officers and enlisted men may be freely conveyed to allay the anxiety of friends. The fact of death may be communicated to relatives, but no circumstances connected therewith such as could be made use of in prosecuting claims against the government. If any person in the military service has knowledge of facts pertaining to the service of an individual who is an applicant for a pension he may, upon request, if not pecuniarily interested, furnish a certificate or affidavit setting forth his knowledge, but such certificate or affidavit will be furnished only to the military secretary of the army to be forwarded to the proper officer of the interior department."

A Bed of Pain

Amid the noise of the streets, the rattle of wheels and the din of the city, a young woman lay, tossing in misery and suffering torture. Symptoms noticed every day, headaches, pains in the stomach, back and sides, dizziness, flashes of light before the eyes and roaring noises in the ears and head, finally led to complications that made her a physical wreck This condition is liable to overcome any woman, and the peculiar complaints all women are subject to will result seriously unless attended to promptly. No woman should neglect these apparently trifling symptoms. They are sure indications of future complications and point to the vital organs of the system being out of order.

The torture and pains of female complaints can be easily avoided. Quaker Herb Extract, a specific for the stomach, liver and kidneys, is a preparation that has been used by women for years. It builds up the entire system, thoroughly cleanses the blood and assists nature to properly regulate the organs of the body. It is a vegetable compound, perfectly harmless and contains no poisons or injurious drugs.

This medicine has proven all claims made for it by the great Dunn.

Closed on Account of Holiday Tomorrow

Our entire force of employes will be given a holiday and our store will remain closed all day until 5 o'clock.

PRECISELY AT 5 O'CLOCK

Tomorrow night our doors will be opened for Business and we shall then inaugurate a

White Bread Starves Many People

A piece of bread that is dry, white and very light in weight seems to the thoughtful person like so much foam or other useless and non-nourishing product.

If one rolls a piece of moist, light bread or the interior of a biscuit between the fingers, a ball of dough is the result, with an appearance of solidity that makes one question how the gastric juices of the stomach can dissolve such a wad.

It is small wonder that such food creates havoc in the way of fermentation, gas, and consequent disorder.

Many persons will find great help by leaving off the ordinary bread entirely, and using in its place Grape-Nuts, in which the starchy and nitrogenous substances have been thoroughly and perfectly cooked at the factory before being sent out.

There is no possibility of this food assuming the form of wads of dough. On the contrary, it is already predigested, the starch of the grains has been changed into sugar in the process of manufacture and passes quickly and directly into circulation.

Grape-Nuts furnish the elements needed by the system to rebuild, particularly the soft gray matter in the brain and throughout the nerve centres in the body. This statement will be verified by its use. It is delicious enough to recommend itself upon trial. Made in the pure food factories of Postum Co., at Battle Creek, Mich.

If it's a shirt just a little different from the others you want, come to us.
PATTERSON.

TALKED ON SOCIALISM.

W. A. Jacobs Delivered Address From Court House Square.

W. A. Jacobs delivered an address in the interest of socialism from the south side of the court house square last evening. In part he said:

"Our industries are no longer individual functions, as when simple tools were used, but are socialized and controlled by corporations instead of the workers. The next step in the progress of evolution will be the co-operative commonwealth, when all society will own the instruments of wealth-production. As an example of the good results produced by socialism we have only to think of what has been accomplished by writers like A. H. Simms and Upton Sinclair, whose charges against Packingtown led to the exposure of the beef trust and other notorious scandals. Socialism is international in its character, and through its instrumentality war was prevented between Norway and Sweden and also between Germany and France."

UNIFORMS ARE HERE.

Concordia College Students Appear in Soldiers' Clothes.

The uniforms for the Concordia college students, who are being drilled in military tactics by Lieutenant Leonard, arrived in the city yesterday and today a number of the young men appeared on the streets in full regalia. The uniforms are dark blue in color, with black stripes and on the caps appear the letters "C. C." A number of the young men who attended the military school at Culver this summer are assisting Lieutenant Leonard in drilling the students.

COLLECTION AGENCY.

A new colection agency has been established here, under the name of the National Collection Agency, by Cain Brower and William Weseman. The firm will also handle loans, real estate and insurance. They have opened an office at 131 East Berry street and will no doubt make a success of the business.

BACK AT HIS OFFICE.

Dr. J. L. Smith, county auditor, who was taken seriously ill at Hoagland Sunday morning, returned to Fort Wayne today and was at his office.

WAS MADE FAMOUS AS "POET LARIAT"

BLOODGOOD H. CUTTER DIES ON LONG ISLAND.

Grim Reaper Claims Queer Character Immortalized by Mark Twain in "Innocents Abroad.

New York, Sept. 28.—Bloodgood H. Cutter, the lovable old "farmer poet of Long Island," is dead at Poets' hall, his farmhouse at Douglaston, Great Neck, where he was born on Aug. 29, 1817. His death was caused by a complication of ailments incidental to his extreme age, which were aggravated by an accident two weeks ago, when he fell and hurt his head while coming down stairs.

As the original of the "Poet Lariat" of Mark Twain's "Innocence Abroad," the farmer poet was placed among the immortals years ago. His other claim to fame is the collection of verses he has written for many years, doggerel fired at any object in sight at the drop of the hat and read with amusement all over the country. Also there was a romance in his life, but that happened so long ago that few are left to tell of it.

Almost seventy years ago the romance began when young Cutter fell in love with a pretty girl of the neighborhood, named Emmaline Allen. Because the young man had preferred the sea to the acres that he had inherited and had shipped on a sound trading sloop there was just enough opposition to "that sailor," even if he were wealthy, from Miss Allen's family to spur the troubled lovers on. The young couple were married at last, however, but Mrs. Cutter died while still a bride. Ever since the old poet has revered her memory even to the extent of avoiding the society of women.

A famous traveler and friend of monarchs, he had filled the old Cutter home at Douglaston with interesting mementos of his wanderings. There, too, was a collection of one horse shays and other vehicles that antedated the civil war by many years, and it wa samid these relics of early days that the farmer garbed in old fashioned frock coat and high hat and affecting the sub-chin whiskers that made one think of Horace Greeley, consciously or unconsciously added to the gayety of things by sending forth his verses.

NECK SHOWS SIGNS OF AGE.

The neck frequently shows the evidence of age before the face. Little tell-tale wrinkles in front and hollows back of the ears, long lines at the sides, a dark ring around the neck, the double (and sometimes triple) chin, are not beautiful to gaze upon; or welcome to those who possess them. Yet all of these could be largely prevented. Tight collars and stocks are accountable for many of the lines at the side of a woman's neck. The carriage of the head, and even one's position when sleeping, has much to do with forming a double chin.

The head should be carried erect when walking, says Woman's Life. When reading or sewing the chin should never be dropped on the chest, but the book or work should be held in a position that will allow the chin to be held moderately high.

The greatest benefit which one friend can confer upon another is to guard and excite and elevate his virtues.—Woman's Life.

Ask for the "Starr" Union Suits at Patterson's. The best fitting underwear made.

There is in Vienna a woman of thirty, who, though blind, is passionately fond of climbing mountains. She recently ascended, with her husband, Monte Cevedale, the summit of which is about 11,000 feet above sea level.

FRIDAY, SEPT. 28, 1906.

THE WEATHER.

Chicago, Sept. 28.—Forecast for Indiana: Rain tonight and Saturday; brisk to high northeast to north winds.

CITY BREVITIES.

Mr. and Mrs. Hart Cotherel have returned from Toledo.

Mrs. J. R. Shaughnessy is reported to be recovering from a serious illness.

F. E. Purcell, of the Randall hotel, has returned from a business trip to Indianapolis.

F. Howenstein, of this city, left last evening for eastern Ohio, where he will visit his mother.

Alonzo Brownsberger, of the Perrine-Armstrong company, has gone to Pittsburg to visit relatives.

Rev. Paul Stoeppelworth has gone to Fremont, Neb., to attend the funeral of his father-in-law, John Knechtel.

Gust Manier, formerly with the Central Grocery, has accepted a position with the Heiny Grocery in Bloomingdale.

Dr. O. H. Meyers, of this city, has returned from a trip to Milwaukee, where he visited friends for a short time.

County Auditor J. L. Smith, who has been critically ill at the home of his son in Hoagland, is much improved.

Herschel Mauk has returned from a two weeks' business trip to St. Louis in the interests of the S. F. Bowser company.

Albert W. Smith, who was operated on for appendicitis at the Lutheran hospital recently, was removed to his home yesterday.

The annual meeting of the Adams Township Bird and Game Protective association will be held in the Center schoolhouse next Monday.

Miss Ida Knever and Mrs. Leo Mayer, of Dayton, O., have returned to their home after visiting Mrs. Joseph Welck and friends here.

Peter G. Keeley, of Garrett, will speak before the local socialist society in Vordermark's hall next Sunday. Mr. Keeley is the socialist nominee for congress in this district.

Albert Meyer, who has been confined to the Lutheran hospital for some time, has recovered sufficiently to admit of his removal to his home on East Washington boulevard.

A. F. Hall, secretary of the Lincoln National Life Insurance company, has gone to Chattanooga, Tenn., to attend the third annual convention of the American Life association, which convenes in that city on September 28 and 29.

THE TALK OF THE TOWN.

Our No. 2 and No. 3 Varsity suits for the young men. Nothing like them ever shown in the city.

Ralphe Rolape, who had his leg cut off in an accident on the Lake Shore recently, was removed from St. Joseph hospital to his home on East Jefferson street, yesterday.

ASK ANY BANK

If a business course will not give you a chance for success. Ask them if it were not wise to begin your work at the new term of the International Business College, October 1st. Find out anyway. Phone 504 for information.

If its a good thing Seavey's have it

Those Chilly Nights

are here. And it will prove a saving of labor and of money when you purchase one of the latest inventions in OIL HEATERS to warm your apartments. Our BARLER OIL HEATERS are supplanting the coal stove for heating small rooms. They are ornamental and economical in use of oil; they emit no unpleasant odor, and will heat in quick time. No smoke, no dust, no ashes. They are a boon to the housekeeper. Call and see them.
